### **EXECUTIVE SUMMARY**

This Mayoral Minute requests Council's support to lobby the NSW Government to ensure the opening of Eurobodalla's new regional hospital at the end of 2025 continues to provide high levels of health care for all Eurobodalla residents.

The NSW Government has been clear that the opening of the new Level 4 regional hospital in Moruya requires the closure of both Moruya and Batemans Bay hospitals.

I want to acknowledge the concerns of the Batemans Bay advocacy group and their supporters calling for the Batemans Bay hospital emergency department to remain open.

While Council has no jurisdiction in health matters, we can lobby to make sure state and federal governments are concentrating their efforts on quality health outcomes for all Eurobodalla residents.

The health of our community is not a political issue, and I would like to see a continued dialogue between all levels of government and community groups to get the best outcome.

Prioritising construction of the Moruya Bypass is essential. This new road and bridge around the Moruya CBD will provide direct access to the hospital, ensuring efficient transport to and from the hospital for residents and emergency services in the north of the shire.

To support better access to urgent medical care, consideration should also be given to opening the Batemans Bay Urgent Care Clinic 24/7. This new clinic established by the Australian Government is currently open Monday-Sunday 8am-6pm. It offers free, immediate treatment for non-life-threatening conditions. Extended opening hours once Batemans Bay Hospital closes, even for an interim period, could support better health outcomes for Eurobodalla residents.

Increasing the number of paramedics in the shire by augmenting our local ambulance services should also be considered.

I seek Council's support of these measures on behalf of Eurobodalla's residents.

### **RECOMMENDATION**

THAT Council:

1. Advocate to the NSW Government to prioritise construction of the Moruya Bypass to provide direct and efficient access to the hospital from the north of the shire.
2. Advocate to the NSW Government for increased ambulance services in the north of the shire to coincide with the opening of the new Eurobodalla Regional Hospital.
3. Advocate to the Australian Government to extend opening hours of the Batemans Bay Urgent Care Clinic to 24/7 to coincide with the opening of the new Eurobodalla Regional Hospital.

**GMR24/002 GRANTS STRATEGY 2024-28**

**S014-T00005**

Responsible Officer: Warwick Winn - General Manager  
Attachments: 1. Under Separate Cover - 2024-28 Grants Strategy  
Community Goal: 5 Our engaged community with progressive leadership  
Community Strategy: 5.2 Proactive, responsive and strategic leadership  
Delivery Program Link: 5.2.2 Implement effective governance and long-term planning  
Operational Plan Link: 5.2.2.3 Seek grants funds to support identified priority works and services

**EXECUTIVE SUMMARY**

Council's Grants Strategy 2024-28 outlines the new strategic approach that Council will take to determine the suitability to advocate for, apply for, and administer grant funds.

Recommendations and actions within this Strategy align with Council's Finance Strategy 2024-2028 and its finance-led and delivery-focused approach.

**RECOMMENDATION**

THAT Council endorse the Grants Strategy 2024-28.

**BACKGROUND**

The Australian and NSW Government invest a significant amount of grant funding in local government projects and programs on an annual basis. Eurobodalla Council's average annual income from government grants over the last five financial years is more than \$71 million. Without this additional investment, many of our projects and programs, and the subsequent benefits to our community would not be possible.

The grants sector is undergoing significant change. The Australian Government has recently undertaken a review of federal grant programs and has advised that the community can expect changes to how grants are awarded and administered. Similarly, the NSW Government has also advised they are undertaking a review of their grant funding programs, particularly in relation to local government, not-for-profits and community groups.

Council has acknowledged that the way we approach grants must be done differently. To become more financially sustainable, we must become a finance-led and delivery-focused organisation. The Grants Strategy 2024-28 is one of the 12 actions within the Finance Strategy 2024-28 that was adopted by Council in December 2023.

**CONSIDERATIONS**

Many NSW councils are in financial trouble, with 17 applying for a special rate variation in 2023. Eurobodalla Council did not apply for a special variation in 2023, but - like many councils across the state - Council is facing a serious, ongoing operating deficit in our general fund. The general fund delivers most Council's services to the community, apart from water, sewer and waste.

---

**GMR24/002 GRANTS STRATEGY 2024-28**

**S014-T00005**

Since the start of 2023, staff and councillors have managed to reduce the general fund operating deficit from \$14M to \$11M. This was achieved by reprioritising and staging Council's work plan and by using grant funds to support already programmed works and services.

Council is grateful for the significant amount of Commonwealth and NSW Government investment in our community via grants over recent years. This funding enabled Council and the community to repair, rebuild and recover faster than we would have been able to without it. The time has now come to look carefully at our approach to seeking grant funding.

Recommendations and actions within the attached Grants Strategy 2024-28 align with Council's Finance Strategy 2024-2028 that was adopted in December 2023. Once the 12 prioritised actions within the Grants Strategy have been implemented, outcomes include:

- Enhanced oversight of Council's grant funded projects
- Alignment of Council's grant funded projects with Council's core business and the expectations of our community
- Improved governance for the administration of grant funding
- Reduced risk of seeking funding for projects that are unsuitable, unachievable or that place an ongoing financial burden on Council and ratepayers
- Greater awareness for staff of their obligations and responsibilities when seeking grant funds, no matter the size of the project or funding being sought
- A clearer understanding for the community of Council's current financial position and the impact large grant funded projects can have on the existing operating deficit and resourcing
- The NSW and Commonwealth Governments, our local Members of Parliament and the community are aware of Council's new approach to grant funding.

**Policy**

Council's Grants Strategy has been developed as a mechanism to enact the underlying principles in Council's recently adopted Finance Strategy and the existing Fiscal Responsibility Policy. An action within the Grants Strategy is for a future review of Council's existing Community Grants Policy. This policy guides Council's approach to the distribution of grants to the community through Section 356 of the *Local Government Act 1993*.

The outcomes of the Grants Strategy are consistent with the aspirations and activities identified in the Community Strategic Plan (Our Eurobodalla 2042) and Delivery Program 2022-26.

**Community and Stakeholder Engagement**

Information regarding Council's current financial situation, challenges and the development of a Finance Strategy and Grants Strategy is available on Council's website on the Financial forecast page.

Three community information sessions were held in May 2023 and similar sessions were held in April 2024 to keep the community informed of Council's financial position. The community is also reminded of Council's financial situation through media releases and Council's own communication channels.

---

**GMR24/002 GRANTS STRATEGY 2024-28**

**S014-T00005**

During development of the draft Grants Strategy, Council's Grants Manager undertook an extensive internal staff consultation process from December 2023 through to April 2024. This was to ensure that key staff and teams within the organisation that work closely with grant funded projects had the opportunity to provide feedback and commentary on the draft Strategy. The final draft Grants Strategy incorporated much of the invaluable feedback, suggestions, and recommendations from these staff.

**CONCLUSION**

The Grants Strategy 2024-28 outlines the new strategic approach that Council will take to determine the suitability to advocate for, apply for, and administer grant funds. The Strategy outlines 12 priority actions that align with Council's Finance Strategy 2024-2028 and its finance-led and delivery-focused approach

### **EXECUTIVE SUMMARY**

Council has a commitment to continuing professional development for Councillors. Attendance at local government sector conferences provides the individual Councillor with new skills and knowledge on particular issues to ensure they can perform their duties and represent residents to the best of their ability. It provides opportunities for networking and advocacy with councillors from other local government areas.

This report outlines a conference not included in the 2024 conference attendance report resolved by Council in the February 2024 Ordinary Council Meeting.

The conference is the 2024 Rural and Regional Summit on 9 May 2024 in Sydney NSW.

Under the *'Councillor's Professional Development, Expenses and Facilities'* Policy, Councillors are entitled to an annual amount of \$3,500 each per year to attend conferences and seminars. The policy normally limits attendance at each conference to two councillors, and best practice recommends one councillor per conference.

Given the significance of the topics being discussed, including a review of the local government financial model, it is recommended the Mayor attend to represent the shire.

Attendance at the 2024 Rural and Regional Summit was not included in the February 2024 conference attendance resolution, and as per policy, councillor attendance at this conference is subject to a resolution of Council.

### **RECOMMENDATION**

THAT:

1. The Mayor be endorsed to attend the 2024 Rural and Regional Summit to represent the shire.
2. Council determine which Councillor/s, in addition to the Mayor, attend the 2024 Regional and Rural Summit.
3. Council representatives be reimbursed out of pocket expenses in accordance with the *'Councillors' Professional Development, Expenses and Facilities'* Policy.
4. Councillors to provide a written delegates report following the Conference that will be available to the public on Council's website and at the Moruya Administration Offices.

**GMR24/003 2024 RURAL AND REGIONAL SUMMIT**

**S004-T00019;  
S012-T00025**

## **BACKGROUND**

The **2024 Rural & Regional Summit** is held on 9 May 2024 at the State Library in Sydney NSW.

This summit is an opportunity to discuss the pressing challenges facing rural and regional communities. This year's summit agenda includes a review of the financial model for local government, case studies in rural and regional local government sector, a panel discussion on the vision for rural and regional NSW, an update from the NSW Reconstruction Authority and presentations from key NSW Government ministers. This summit will discuss solutions aimed at bolstering the socio-economic landscape of NSW's rural and regional areas. Conference and registration brochures are available through the conference website: [Rural-Regional Summit home - Overview | LGNSW](#)

Given the significance of the topics being discussed, including a review of the local government financial model, it is recommended the Mayor attend to represent the shire.

## **CONSIDERATIONS**

### **Policy**

Under the '*Councillor's Professional Development, Expenses and Facilities*' Policy, Councillors are entitled to an annual amount of \$3,500 each per year to attend conferences and seminars. The policy normally limits attendance at each conference to two councillors, and best practice recommends one councillor per conference.

Attendance at the 2024 Rural and Regional Summit was not included in the February 2024 conference attendance resolution, and as per policy councillor attendance at this conference is subject to a resolution of Council.

Councillors attending training, seminars and conferences are to provide a detailed report to Council on the outcome and issues. Where there are a number of Councillors attending the same conference, a joint report is acceptable.

### **Financial**

Councillors are allocated the annual sum of \$3,500 each per year to attend conferences and/or seminars, as per the '*Councillor Professional Development, Expenses and Facilities*' Policy. Councillors should check their allowance before nominating for this conference.

## **CONCLUSION**

It is considered appropriate that Councillors attend relevant local government sector conferences throughout the year to enable them to be knowledgeable and up-to-date on key issues, ensuring they can perform their duties and represent residents to the best of their ability.

**PSR24/007 DRAFT VOLUNTARY PLANNING AGREEMENT - 54 HAWDON  
STREET, MORUYA AND 34 MURRAY STREET, MORUYA**

**S019-  
T00003**

Responsible Officer: Gary Bruce - Acting Director Planning & Environment  
Attachments: 1. Voluntary Planning Agreement  
Community Goal: 3 Our region of vibrant places and spaces  
Community Strategy: 3.1 Balance development between the needs of people, place and productivity  
Delivery Program Link: 3.1.2 Provide receptive and responsive development assessment services  
Operational Plan Link: 3.1.2.1 Assess and determine development applications

### **EXECUTIVE SUMMARY**

The purpose of this report is to seek a Council resolution to accept the Voluntary Planning Agreement (VPA) with the owners of 54 Hawdon Street (Lot 82 DP 614216) and 34 Murray Street, Moruya (Lot 102 DP 722139).

The VPA is to facilitate the construction of a public road and stormwater infrastructure, allowing the owner of 54 Hawdon Street, Moruya and 34 Murray Street, Moruya to drain stormwater in connection with development applications DA0619/22 and DA0090/24.

The land subject to the proposed VPA is within a block of land contained by Campbell Street, Hawdon Street, Murray Street and Thomas Street, Moruya. The *Eurobodalla Local Environmental Plan 2012* has designated a future road through this land. The part of the proposed road corridor zoned SP2 Infrastructure and identified for acquisition remains in private ownership. The majority of the road corridor is otherwise owned by Council and is operational land under the *Local Government Act 1993*.

The area of land is also part of the South Moruya Infrastructure grant comprising approximately \$11.5 million with grant funding only permitted to be used on public land. Part of this grant has been allocated to this project and would fund the construction of the proposed road and stormwater infrastructure.

The VPA was publicly exhibited for a period for 28 days and no submissions were received during this time. It is therefore recommended that Council resolve to accept the Voluntary Planning Agreement.

### **RECOMMENDATION**

THAT Council ratify the draft Voluntary Planning Agreement between Eurobodalla Shire Council and the landowners of 54 Hawdon Street, Moruya (Lot 82 DP614216) and 34 Murray Street, Moruya (Lot 102 DP 722139) and add to Council's Planning Agreements Register.

### **BACKGROUND**

In September 2022, Council refused development application DA0619/22 lodged by Surf All Day Pty Ltd for the construction of a multi-dwelling housing development at 54 Hawdon Street, Moruya. The application was refused because the site is in an overland flow path and the development proposed to fill the land above the flood planning level and to direct the

STREET, MORUYA AND 34 MURRAY STREET, MORUYA**

**S019-

stormwater and flood waters around the site. This proposal would have increased the depth and flow of floodwaters on adjoining properties.

The applicant appealed the decision to the NSW Land and Environment Court and these proceedings are ongoing. Following conciliation, the applicant has embarked on a process of amending the application to remove a significant extent of fill to ensure the pre-and-post floodwaters remains largely unchanged, develop a stormwater solution and update the flood report to demonstrate minimal impact on adjoining properties.

There are a number of contentions, most notably about stormwater disposal and flood affectation, but also includes some planning contentions. These have been largely resolved except for the legal disposal of stormwater.

In August 2023 the applicant (Surf All Day Pty Ltd) and a co-owner (Penketham Property Pty Ltd) also lodged development application DA0090/24 for the development of multi-dwelling housing at 34 Murray Street, Moruya. The property is within the same block and is downstream of 54 Hawdon Street. This development application also relies on the same stormwater management plan as DA0619/22 and would benefit through the construction of road and stormwater infrastructure. The property (34 Murray Street) would also be required to dedicate to Council land zoned SP2 Infrastructure for the purposes of constructing the road and stormwater infrastructure.

### **CONSIDERATIONS**

The draft VPA is required to permit Surf All Day Pty Ltd and Penketham Property Pty Ltd to dedicate land to Council and in return provide an easement over Council operational land. The VPA would compel the applicant to dedicate the land and require Council to construct the road and stormwater infrastructure by the end of 2025. This is consistent with Council's works program.

Section 7.5 of the *Environmental Planning and Assessment Act 1979* requires that public notice of a draft VPA be made before the agreement is entered into. Public exhibition of the draft VPA was undertaken and during this time, no submissions were received.

### **Legal**

The *Environmental Planning and Assessment Act 1979* and *Environmental Planning and Assessment Regulation 2021* provide guidance on the processes involved in the acceptance of a VPA. These guidelines have been duly followed.

Recent case law has indicated that Council cannot accept land dedication without a VPA being in place. This is addressed in advice from Sparke Helmore dated 11 December 2023. Sparke Helmore have recommended the offer is accepted by Council for several reasons in the context of the current legal proceedings.

### **Policy**

Council has a policy on Voluntary Planning Agreements and the proposal has been developed in conjunction with policy.

---

**PSR24/007 DRAFT VOLUNTARY PLANNING AGREEMENT - 54 HAWDON  
STREET, MORUYA AND 34 MURRAY STREET, MORUYA**

**S019-  
T00003**

**Environmental**

There are no environmental considerations as part of the VPA process. Environmental considerations were assessed with the development application.

**Asset**

The purpose of the VPA is to facilitate the construction of road and stormwater infrastructure. The funds for the construction of this infrastructure come from the South Moruya Infrastructure grant.

**Social Impact**

There are no social considerations as part of the VPA process. Social considerations were assessed with the development application and Court appeal.

**Economic Development Employment Potential**

There are no economic development considerations as part of the VPA process. Economic development considerations were assessed with the development application.

**Financial**

The purpose of the VPA is to facilitate the construction of road and stormwater infrastructure. The funds for the construction of this infrastructure come from the South Moruya Infrastructure grant.

**Community and Stakeholder Engagement**

Council placed the draft VPA on public exhibition for a period of not less than 28 days. The draft VPA was on exhibition during March and April 2024. No submission were received during exhibition period.

**CONCLUSION**

This report seeks Council ratification of the draft Voluntary Planning Agreement between Eurobodalla Shire Council and the landowners of 54 Hawdon Street, Moruya (Lot 82 DP614216) and 34 Murray Street, Moruya (Lot 102 DP 722139) and add to Council's Planning Agreements Register.

The VPA would permit Council to construct much needed public infrastructure, including road and stormwater infrastructure. The VPA would also resolve the contentions around an appeal currently being considered by the NSW Land and Environment Court.

The construction of the road and stormwater infrastructure would also allow other residential zoned land to be developed for housing.

Council intends to construct a public road on the land to be dedicated which will include stormwater infrastructure. The provision of the public road and stormwater infrastructure will support the development of surrounding land and provide public infrastructure to meet the needs of current future residential development.

## **Assessment of the Merits of the Planning Agreement**

### **How the Planning Agreement Promotes the Objects of the Act and the public interest**

The draft Planning Agreement promotes the objectives of the *Environmental Planning and Assessment Act 1979* because it:

- promotes the orderly and economic use and development of land; and
- promotes good design and amenity of the built environment,

The draft Planning Agreement promotes the public interest by requiring the dedication of land for the purpose of opening a public road to facilitate the progressive development of adjoining land for residential purposes.

### **The Planning Purposes served by the Planning Agreement**

The land to be dedicated under the Planning Agreement will be used for the purposes of opening and constructing a public road, which will facilitate the orderly development of the surrounding land, contributing to the housing needs of a growing population in the local government area. This purpose is consistent with the adopted planning strategy for the area. The local environmental plan currently zones the proposed dedication land as S2 Infrastructure.

### **Whether the Planning Agreement specifies that certain requirements must be complied with before a construction certificate, occupation certificate or subdivision certificate is issued**

The dedication of the land under the Planning Agreement must occur prior to any Construction Certificate being issued for the Development.

### **EXECUTIVE SUMMARY**

Under NSW Integrated Planning and Reporting legislation, councils are required to prepare a Community Strategic Plan, Resourcing Strategy, Delivery Program and Operational Plan.

A draft 2024-25 Operational Plan has been prepared and outlines actions Council will undertake for the year to contribute to achieving the 2022-26 Delivery Program and the community's vision, as adopted in the Community Strategic Plan. The Long-Term Financial Plan (LTFP) is a component of the resourcing strategy Council is required to be prepared under the Integrated Planning and Reporting framework. The LTFP has a ten-year timeframe and is reviewed annually.

This report recommends the draft 2024-25 Operational Plan, the draft 2024-25 Fees and Charges, and the draft 2024-34 Long-Term Financial Plan be placed on public exhibition for not less than 28 days.

Following public exhibition, a further report will be submitted to Council for the consideration of submissions from the community, and adoption of the 2024-25 Operational Plan, 2024-25 Fees and Charges, and the 2024-34 Long-Term Financial Plan.

The workplan contained in the draft 2024-25 Operational Plan represents a return to core business and reflects adjustments to the work program to ensure a more manageable and achievable program, and reflects strategies to set Council towards returning to financial sustainability.

### **RECOMMENDATION**

THAT

1. The draft 2024-25 Operational Plan, the draft 2024-25 Fees and Charges, and the draft 2024-34 Long-Term Financial Plan be placed on public exhibition for a period of not less than 28 days.

**BACKGROUND**

The *Local Government Act 1993* requires all NSW councils to review and adopt key Integrated Plans within 12 months following local government elections. Under NSW Integrated Planning and Reporting legislation, councils are required to prepare a Community Strategic Plan, Resourcing Strategy, Delivery Program and Operational Plan.

The IPR framework is detailed in the figure below:

The Community Strategic Plan is the highest level that Council prepares and is a whole of community plan, reviewed and developed in partnership with the community. It identifies and articulates the community's vision and long-term goals.

The Resourcing Strategy, consisting of the Long-Term Financial Plan, Asset Management Strategy and Plans, and the Workforce Management Strategy, outlines how Council plans to allocate resources to achieve the vision and goals set out in the Community Strategic Plan. This strategy identifies how Council best plan, develop and utilise our resources to enhance performance of our business to deliver better outcomes for our community.

The Resourcing Strategy is a supporting document to the CSP and focuses on those matters that are the responsibility of Council. It focuses specifically on finances, assets and people.

------------------	--	---

The Delivery Program details the activities that the Council will deliver over its term and the strategies it will implement in consultation with the community and contained in the Community Strategic Plan.

The Operational Plan details the actions to be undertaken during the next financial year and includes the annual budget and fees and charges for the year ahead.

### **CONSIDERATIONS**

The Eurobodalla Community Strategic Plan was adopted by Council on 12 April 2022 and developed through an engagement process that included a survey, vision boards and 'workshops in a box' for the community using Council's online platform, and workshops for councillors and staff.

The five goals in the Community Strategic Plan are:

1. Our sustainable shire, that celebrates our natural environment and outdoor lifestyles
2. Our community that welcomes, celebrates, and supports everyone
3. Our region of vibrant places and spaces
4. Our connected community through reliable and safe infrastructure networks
5. Our engaged community with progressive leadership

The Community Strategic Plan includes 18 supporting strategies to realise these goals. The four-year Delivery Program outlines Council's commitment to the community and what it will deliver during its term to achieve the Community Strategic Plan objectives. The 2022-26 Delivery Program was prepared in response to the five Community Strategic Plan goals and 18 supporting strategies with 65 delivery program activities. These 65 delivery program activities remain unchanged in the Delivery Program 2022-26. The draft Operational Plan sets out 190 individual projects and activities for Council to undertake during 2024-25. Each service that assists in achieving these outcomes is identified. Some measures to track and report on progress in achieving each annual activity are also provided.

Councils across New South Wales continue to face financial challenges due to increasing costs and policy that limits the ability to increase revenue. This Council's draft 2024-25 Operational Plan estimates an operating deficit in the General Fund, resulting in an operating deficit for the consolidated Council. The LTFP projects similar unsustainable trends including general fund operating deficits for the entirety of the plan and consolidated operating deficits until the 2031-32 financial year.

Council endorsed a finance strategy in December 2023 to achieve and maintain financial resilience and minimise the impact of unknown events or factors outside the control of Council. 12 priority actions were identified through this strategy under the themes of financial resilience, prudent asset management and accountability. Some of these actions are underway, including a budget reset process that occurred in late 2023. The budget reset process involved all areas of Council examining operations to gain a clearer understanding of the cost of delivering existing services, and identifying efficiencies where efficiencies could be made.

------------------	--	---

Service modifications identified from the process, and included in the proposed 2024-25 operational plan include revised opening hours and service offerings at the Bay Pavilions and Moruya Library and the Basil Sellers Exhibition Centre, a more targeted, prioritised asset renewal and maintenance program, and a modified mowing and street cleaning schedule at low use locations within the shire. These changes will be evaluated during the year to ensure we maximise outcomes for the community whilst living within our means.

The workplan contained in the draft 2024-25 Operational Plan represents a return to core business and reflects adjustments to the work program to ensure a more manageable and achievable program, and reflects strategies to set Council towards returning to financial sustainability.

### **Legal**

Section 404 of the Local Government Act 1993 requires Council to have a Delivery Program to implement the strategies established in its Community Strategic Plan, within the resources available as identified under the Resourcing Strategy.

Section 405 of the Local Government Act 1993 requires Council to adopt an Operational Plan before the beginning of each financial year that details the activities to be engaged in by the Council during the year as part of the Delivery Program. The Operational Plan must include a statement of the Council's revenue policy for the year covered by the Plan. The revenue policy must include the statements and particulars required by legislation. Following 28 days of exhibition, the draft 2024-25 Operational Plan is required to be adopted by 30 June 2024. The draft 2024-25 Fees & Charges and 2024-34 Long Term Financial Plan will also be exhibited in conjunction with the 2024-25 Operational Plan.

The Office of Local Government's Integrated Planning and Reporting Manual and Guidelines are comprehensive tools that have been used in the preparation of the draft 2022-26 Delivery Program and 2024-25 Operational Plan and the 2024-34 Long-Term Financial Plan.

### **Policy**

The Delivery Program and Operational Plan draws on and implements actions contained in adopted Council policy documents.

### **Asset**

The Asset Management Strategy and Plan 2022-32 as required as part of the Resourcing Strategy was adopted by Council on 28 June 2022. The Asset Management Strategy establishes a robust framework and methodology for systematically managing the asset portfolio to guide the planning, construction, maintenance, and operation of infrastructure to provide services to the community.

### **Financial**

Council's operations are separated into three funds for financial purposes. The three funds are the general fund (includes waste and environment activities), the sewer fund and the water fund. Separate rates are raised for general, environment, waste, sewer and water services and

each fund has a number of different considerations such as general fund rates are subject to rate pegging. Water and sewer funds seek a stable pricing path and any surplus are restricted in these funds. Council's 30-year Integrated Water Cycle Management Strategy continues to inform the development of the budgets for the Water and Sewer funds.

The key projected financial results for each fund and a consolidated outlook are shown in the table below\*.

KEY RESULTS 2024-25 (\$'000)	GENERAL FUND	SEWER FUND	WATER FUND	CONSOLIDATED FUND
<b>Total income (before capital grants and contributions)</b>	98,162	27,006	21,754	146,922
<b>Total expenses</b>	105,225	25,181	19,333	149,739
<b>Net operating result (before capital grants and contributions)</b>	(7,063)	1,824	2,422	(2,817)
<b>Total capital program</b>	50,936	16,967	36,760	104,663
<b>Cash position – increase/(decrease) in unrestricted funds</b>	1,172	3,371	(2,586)	1,957

\*Numbers have been rounded up.

An operating deficit (before capital grants and contributions) is forecast for the general fund, whilst Council's water and sewer funds forecast an operating surplus (before capital grants and contributions)

The Revenue Policy incorporated into the budget and disclosed in this plan outlines the proposed changes for rates, levies and annual charges, pricing policies and proposed borrowings for 2024-25.

Proposed changes include:

- The general rate increases by 5.50%, made up of the rate peg amount of 4.50% plus the population growth factor of 1.00% for 2024-25.
- The environmental levy increases by 5.50%, made up of the rate peg amount of 4.50% plus the population growth factor of 1.00% for 2024-25.
- The waste collection charge increases by 5.50% for the typical household.
- The water access charge increases by 4.00% to \$390 (20mm connection access charge) and the usage charge increases by 2.50% to \$4.10 per kilolitre.
- The sewer access charge increases by 4.63% to \$1,130 (20mm connection access charge), the usage charge increases by 4.65% to \$2.25 per kilolitre and the liquid trade waste usage charge increases by 2.94% to \$1.75 per kilolitre for compliant discharge.

**Long-Term Financial Plan**

Council's 10 year Long Term Financial Plan (LTFP) has been updated to include the annual estimates for the 2024-25 financial year and 10 year forward projections based on current market expectations and long term forecasted capital expenditure and funding.

Council is forecasting an overall improvement in the consolidated operating result from a \$2.8 million deficit in the first year to a \$5.9 million surplus in the last year of the plan. For general

fund however the operating deficit reduces only slightly to a \$6 million deficit in the final year representing an unsustainable trend.

Council is forecasting similar levels of unrestricted cash in the first 5 years of the plan, this presents a challenge for council being the period most susceptible to unknown and external influences that could potentially impact the financial resilience of the Council. Sensitivity analysis included in the LTFP considers some of these influences and their impact on the operating result.

The implementation of Council's finance strategy will be critical in turning around these key indicators of Council's financial health, particularly for the general fund.

Council has modelled an alternate scenario whereby general fund expenditure on renewal of infrastructure assets meets the industry benchmark of 100% of annual depreciation.

### **Community and Stakeholder Engagement**

If the draft 2024-25 Operational Plan, draft 2024-25 Fees and Charges and the 2024-34 Long-Term Financial Plan are endorsed for public exhibition, Council will engage the community from 1 May to 28 May 2024 by:

- Informing the community about the public exhibition and inviting the community to provide feedback on the plans. This will be achieved using Council's own platforms and through local media.
- Making the draft 2024-25 Operational Plan, the draft Fees and Charges and draft 2024-34 Long-Term Financial Plan available for the community to read on Council's website. Requests for hard copies can be made by contacting the Finance and Corporate Services team on 4474 7494, and reference and lending copies will be available at the libraries.
- Conducting community information sessions regarding Council's financial challenges. These will be held in Narooma Tuesday 14 May, Moruya Monday 20 May and Batemans Bay Thursday 23 May. All members of the community are welcome to attend, and community associations will be invited to send representatives.
- All community submissions will be provided to councillors for review prior to any decisions being made about the 2024-25 Operational Plan, the 2024-25 Fees and Charges and the 2024-34 Long-Term Financial Plan.

### **CONCLUSION**

The draft 2024-25 Operational Plan, 2024-25 Fees and Charges and the 2024-34 Long-Term Financial Plan will be publicly exhibited for 28 days. The community will be invited to provide feedback on the draft plans during the exhibition period, and Council will provide community information sessions to explain the plan. At the end of the public exhibition period Council will be provided with all submissions for consideration prior to adoption.

Councils and joint organisations are required to comply with these requirements from 1 July 2024 and, commencing with the 2024/25 annual report, to attest to their compliance with the requirements in their annual reports.

This report presents the Terms of Reference for the Eurobodalla Audit Risk and Improvement Committee, and the Internal Audit Charter, based on the model documents provided by the OLG for Council's endorsement.

Should council determine that it wishes to appoint one or more councillors as non voting members, then the resolution should reflect this, and councillors(s) be nominated in the resolution.

As part of the housekeeping arrangements post the September 2024 Council election Council will re-establishment councillor membership of committees including the ARIC.

In terms of independent membership changes, the guidelines provide that Council should first appoint a Chair and then subsequent appointments or reappointments may be made.

Eurobodalla Shire Council ARIC members were previously appointed by way of an external process that considered eligibility.

By way of guidance regarding membership and transition, it is generally accepted that existing members continue in their currently appointed roles and term regardless of the legislation's commencement date. However, the assessment for extension or reappointment of an independent member must comply with the guidelines post 1 July 2024, both by way of not exceeding the maximum appointment term (4 years) and that they meet the 'eligibility criteria' (i.e. qualifications/experience).

The only real issue with existing members on 1 July 2024 is if they do not meet the 'independence criteria' laid out in the guidelines.

To satisfy this requirement, Council should note that the recruitment of the current committee members was merit based against the eligibility criteria. In addition, a review of the performance of committee members has been undertaken by the Director of Finance and Corporate Services and the General Manager.

As a consequence the proposed membership of the ARIC is as follows:

- An independent Chair (Chair)
- Dr Tish Richardson, Independent Member
- Mr Grant Doran, Independent Member
- An additional Independent Member

Non-voting members:

- Mayor
- General Manager
- Director Finance and Corporate Services
- Internal auditor
- Chief Financial Officer
- External auditor

*Frequency of meetings*

The regulation and guidelines provide that ARICs must meet at least quarterly. The chairperson decides the procedure for calling meetings and how the meetings are to be conducted. Meetings may be attended both in person and virtually.

REFERENCE AND INTERNAL AUDIT CHARTER**

**S004-

*Fees*

The fees that council pays to the chair and independent members of its ARIC are to be agreed between the council and the chair or member and reflect the time, commitment and responsibility involved in serving on the committee. Chairs and members can serve on a committee on a voluntary basis if they choose to.

Council has conducted a review of fees paid by other councils which indicates:

- 1 in the main there is a differential between the fees paid to the Chair, and committee members of around 25-30%.
- 2 Rural and regional council range from around \$530 to \$3000 for the chair and \$320 to \$2100 for committee members.

The ARIC has a prescribed role that is much more defined than was previously the case. It is designed to provide valuable input and feedback that is constructive, objective and informed. This means that ARIC members must be well qualified to meet the eligibility criteria, and will be required to not only attend four meetings per year but also review the documentation provided as part of the business paper which is extensive and covers a broad ambit of council operations. In addition, the Chair has responsibilities over and above committee members in terms of leading the committee and engagement with the Director of Finance and Corporate Strategy on a regular basis in addition to potentially attending a council meeting to report on the activities of ARIC.

It is important that council attracts a membership that can suitably acquit the role(s) when considered against the foregoing and the eligibility criteria, which are detailed and outlined in the guidelines. For these reasons it is considered that remuneration be in keeping with industry standards and responsibilities of the role.

On this basis this report proposes that the fees be struck as follows:

Chair: \$1500 per meeting

Committee Member: \$1000 per meeting.

*Travelling allowance*

As noted above members may attend meetings both in person and virtually. Rural and regional councils in the main cover travel fees, generally guided by the ATO guidelines and at cost.

*Superannuation*

Councils are obliged under the *Superannuation Guarantee (Administration) Act 1992* to make compulsory superannuation guarantee contributions on behalf of audit, risk and improvement committee chairs and independent members where they are remunerated.

**CONSIDERATIONS**

**Legal**

The operation of the ARIC against the revised regulation, guidelines and customised template documents ensures compliance with relevant legislation and regulations concerning risk

### **EXECUTIVE SUMMARY**

This report is the Audit, Risk and Improvement Committee's (ARIC) Chair annual report for the 2022-23 financial year.

Under the NSW Premier and Cabinet Internal Audit Guidelines it is recommended that, at least annually the ARIC report to Council on its oversight role of the internal audit function.

This report has been endorsed by ARIC, and is now being presented to advise Council on the activities and matters that the ARIC reviewed during 2022-23 financial year.

### **RECOMMENDATION**

THAT the information in the report on 2022-23 Audit Risk and Improvement Committee annual report be received and noted.

### **BACKGROUND**

The *Local Government Act 1993* and the *Local Government (General) Regulations 2021* require NSW councils to have an audit, risk, and improvement committee (ARIC). Since 2008, the ARIC has played a pivotal role in the governance framework, providing Council with independent oversight and monitoring of Council's audit processes, including the internal control activities.

The ARIC is an advisory committee to Council and is directly responsible and accountable to the Council for the exercise of its powers and responsibilities as set out in its Terms of Reference (2021) [TOR-Audit-Committee-Feb-2021.pdf \(nsw.gov.au\)](#).

The ARIC achieves its independence by having a majority of independent members external to Council and its operations.

The committee is comprised of:

#### *Independent Members:*

- Kim Gillis (Chair) - Independent Member
- David Anderson – Independent Member
- Grant Doran – Independent Member

#### *Councillors:*

- Tubby Harrison - Councillor

---

**FCS24/010 2022-23 AUDIT RISK AND IMPROVEMENT COMMITTEE ANNUAL  
REPORT**

**S004-  
T00048**

- David Grace – Councillor

The objective of the committee is to provide independent assurance and assistance to council on risk management, control, governance and external accountability responsibilities and provide information to Council for the purpose of improving the performance of its functions.

The Committee must keep under review the following aspects of the Council's operations:

- Compliance
- Risk management
- Fraud control
- Financial management
- Governance
- Implementation of the strategic plan, delivery program and strategies
- Service reviews
- Collection of performance measurement data by the council
- Any other matters prescribed by the regulations.

### **CONSIDERATIONS**

Mr Anderson, one of the independent members, resigned from the committee after five years of dedicated service and expressed his willingness to continue his membership until a suitable replacement was recruited.

The vacancy was advertised during April and May 2023 via the local newspapers and on Council's website. An appointment was not made until after 30 June 2023.

Under ARIC's terms of reference, the committee is required to meet at least four times per year. During 2022-23 financial year, the committee met on four occasions and attended a workshop.

- 12 October 2022
- 23 November 2022
- 15 February 2023
- 24 May 2023
- 24 August 2022 (workshop).

During the previous year, the ARIC undertook an Expression of Interest process for the provision of internal audit and risk management services. Centium was the successful applicant and engaged in June 2022 for the provision of these services. 2022-23 was the first year of internal audit services provided by Centium.

The committee considered a range of issues during the 2022-23 financial year including:

---

REPORT**

**S004-  
T00048**

**Audit:**

- Internal Audit Program – upon completion of the prior program and contractor the workshop in August 2022 established a new internal audit program. Progress of internal audit programs were provided at meetings thereafter.
- Audit of Financial Statements for year ended 30 June 2022.
- Consideration of the Audit Engagement Plan for year ended 30 June 2023.
- Review of investment activity.
- Quarterly Budget Reviews provided.

**Risk:**

Updated guidelines for risk management and internal audit were provided to the committee, noting they come into effect 1 July 2024.

- An overview of Council's insurance coverage was provided.
- Financial Health check findings.
- Bay Pavilions management updates provided at each meeting to monitor performance and discuss risk management.
- Cyber security update provided, including insurance considerations.

**Improvements**

- Development of Integrated Planning and Reporting improvements, updates on progress against established plans presented, and considerations and process to establish Operational Plan 2023-24.
- Disaster recovery update provided.
- Consideration of building certification service going forward including industry update and consideration of best service delivery options going forward.
- Submission to IPART for rate pegging methodology.

**Future Considerations**

The Office of Local Government (OLG) has issued new Risk Management and Internal Audit Guidelines. These Guidelines have been in the pipeline for several years and are issued under section 23 A of the *Local Government Act 1993*.

The Guidelines give statutory force to three crucial elements that will help to strengthen governance in NSW Local Government:

- A fully functional and independent Audit, Risk & Improvement Committee (ARIC) that has oversight over the internal audit function.

---

**FCS24/010 2022-23 AUDIT RISK AND IMPROVEMENT COMMITTEE ANNUAL  
REPORT**

**S004-  
T00048**

- A robust risk management framework to help Council manage their risks in order to achieve their strategic objectives.
- An independent Internal Audit function.

Councils have until 1 July 2024 to comply with these requirements. Council is working on its transition plan. The guidelines also include annual attestation requirements from ARIC and the General Manager which will be required from 2024-2025.

The ARIC has highlighted that in the past, issues, reports and matters have often been tabled for review after presentation to Council, therefore, negating the opportunity for ARIC to support Council's decision making. The staff recommend that, where possible, the ARIC is consulted so there is an opportunity to provide independent proactive advice rather than reactive commentary.

**CONCLUSION**

The committee considered a range of issues during the 2023-24 year and considered applications for a replacement member after David Anderson stood down from the committee.

This report was presented to the ARIC prior to being presented to Council.

**Financial**

Council investing overall

**FCS24/011 INVESTMENTS MADE AS AT 31 MARCH 2024**

**S011-T00006,S012-T00025**

The Council has invested \$147.73 million (100%) in bank deposits. With the exception of \$28.5 million invested in banks rated below A and guaranteed by the AAA-rated government guarantee, the bank deposits are held in banks rated A or higher or in the "some limited risk" category of the policy.

Cash and investments decreased by \$9m in March 2024, primarily due to the payment of quarterly loan instalments and expenditure on Water & Sewer infrastructure projects.

Presently, the 'some limited risk' category is limited to institutions with a BBB+ rating, permitting a maximum of 30% of all investments. Currently, 19.29% of investments are in the BBB+ rating category. The \$1.75 million invested in government guaranteed deposits accounts for 1.18 percent of the portfolio.

Funds invested in institutions that have no direct financing exposure to projects in the fossil fuel sector or no longer finance projects in the fossil fuel sector directly but still have some exposure from historical funding amount to \$51 million (34.52%).

The weighted average monthly return on all investments is 5.30%, surpassing the Council policy benchmark of 4.60% calculated using the bank bill swap rate (BBSW) plus 0.25%.

Summary investment information

The following table is a summary of investment categories and balances at month end.

<b>CATEGORY</b>	<b>(\$)</b>
Operating Account	6,275,770
At call deposit	10,463,317
Term deposits	135,520,000
Term deposits Government guaranteed	1,750,000
	<b>154,009,087</b>
<i>Weighted average interest %:</i>	5.30%
<i>Average 90 day BBSW + 0.25%</i>	4.60%

Policy and liquidity risk

The investment policy is divided into two risk categories of credit risk (risk of ultimately not being able to redeem funds) and liquidity risk (risk of loss due to the need to redeem funds earlier than the investment term). Our investments comply with the risk policy as shown in the following table.

**FCS24/011 INVESTMENTS MADE AS AT 31 MARCH 2024**

**S011-T00006,S012-T00025**

<b>Policy risk</b>	<b>Low liquidity risk %</b>	<b>Total % of investments</b>	<b>Policy risk % (max holdings)</b>
<b>Remote risk</b>	1.18	1.18	100.00
<b>Near risk free</b>	79.53	79.53	100.00
<b>Some limited risk (BBB+)</b>	19.29	19.29	30.00
<b>Grand total</b>	<b>100.00</b>	<b>100.00</b>	

The unrestricted current ratio is the amount of unrestricted current assets compared to each dollar of current liability. The Office of Local Government suggests a minimum 1.5:1, and the audited unrestricted current ratio as at 30 June 2023 is 2.94:1. Council therefore has approximately \$2.94 of current assets for each \$1 of current liabilities.

**CONCLUSION**

Pursuant to provision of Clause 1 (Reg. 212) of the *Local Government (General) Regulation 2005*, I hereby certify that these investments have been made in accordance with *the Local Government Act 1993* and related regulations.

## EUROBODALLA SHIRE COUNCIL

### ETHICAL DECISION MAKING AND CONFLICTS OF INTEREST

#### A GUIDING CHECKLIST FOR COUNCILLORS, OFFICERS AND COMMUNITY COMMITTEES

#### ETHICAL DECISION MAKING

- Is the decision or conduct legal?
- Is it consistent with Government policy, Council's objectives and Code of Conduct?
- What will the outcome be for you, your colleagues, the Council, anyone else?
- Does it raise a conflict of interest?
- Do you stand to gain personally at public expense?
- Can the decision be justified in terms of public interest?
- Would it withstand public scrutiny?

#### CONFLICT OF INTEREST

A conflict of interest is a clash between private interest and public duty. There are two types of conflict: Pecuniary – regulated by the *Local Government Act* and Department of Local Government; and Non-Pecuniary – regulated by Codes of Conduct and policy, ICAC, Ombudsman, Department of Local Government (advice only).

#### THE TEST FOR CONFLICT OF INTEREST

- Is it likely I could be influenced by personal interest in carrying out my public duty?
- Would a fair and reasonable person believe I could be so influenced?
- Conflict of interest is closely tied to the layperson's definition of "corruption" – using public office for private gain.
- Important to consider public perceptions of whether you have a conflict of interest.

#### IDENTIFYING PROBLEMS

- 1st** Do I have private interests affected by a matter I am officially involved in?
- 2nd** Is my official role one of influence or perceived influence over the matter?
- 3rd** Do my private interests conflict with my official role?

---

Whilst seeking advice is generally useful, the ultimate decision rests with the person concerned.
