NON AGENDA

1.0 THRU U MR MAYOR TO CHIEF ENGINEERNAROOMA
HELIPAD

COUNCIL MAY NOY BE AWARE THAT THE STATE MEMBER NOTIFIED NAROOMA MARINE RESCUE ATUTHOTITY OF AN INITIAL GRANT OF,\$5000 TOWARDS A CONCRETE LANDING PAD FOR RESCUE PURPOSES . THE LAND IS OFF PILOT RD AND UNDER COUNCIL CARE AND CONTROL . A MEETING WAS ARRANGED WITH THE CHIEF ENGINEER FOR COUNCIL LEADERSHIP . I AGREED TO APPROACH A NUMBER OF VOLUNTEERS FOR ASSISTANCE. COULD I BE ADVISED BY CHIEF ENGINEER AT WHAT STAGE IT IS AT WITH RESPECT TO COUNCIL DESIGN AND ASSISTANCE ,

2. . . . WOULD THE CHIEF ENGINEER ADVISE WHAT WORKS IT IS INTENDING TO CARRIED OUT AT DALMENY DIRECTLY OPPOSITE TATLARA St AND THOMPSON PARADE ST , GREAT QUANTITIES OF ROCKS HAVE BEEN DEPOSITED THERE WHICH I ASSUME IT IS FOR A ROCK WALL OF SOME DESRIPTION TO PREVENT BANK ERROSION.. I RECEIVED CORRESPONDENCE ADVISING THAT COUNCIL WOULD TALK TO THE NATIONAL PARKS . I SPOKE TO THE NATIONAL PARKS ON SITE AND MENTIONED A ROCK WALL AND THEY WERE NOT SURE IF THAT WAS A GOOD IDEA .THEY WERE ONLY RESPONSIBLE TO THE HIGH TIDE MARK - EVEN THOUGH THEY HAD LAID POISENED BAIT IN THE COUNCIL CONTOLLED AREA ADJACENT TO THE SWIMMING AREA

COUNCIL SHOULD BE AWARE THAT THIS HAS BEEN A POPULAR SWIMMING HOLE FOR AS LONG AS ONE OF OLDEST PERSON I HAVE SPOKEN TO RECENTLY I MUST AGREE IT WAS AN IDEAL SPOT FOR GROWING FAMILIES OF CHILDREN AND STILL REMAINS SO. THE BANKS HAVE ERODED BY OVERFLOW DURING RAIN PERIODS, INADEQUATE ROAD DRAINAGE AND HIGH TRAFFIC USUAGE...

THE PUBLIC SHOULD BE ADVISED WHAT IS INTENDED AND QUICKLY. MOTHERS WILL NOT BE "HAPPY LITTLE VEGEMITES "IF RECTIFICATION OF THIS IS CARRIED IN A MANNER SUCH THAT THE AREA CANNOT BE USED AS IT HAS BEEN FOR OVER A HUNDREDS YEARS ...COUNCILLORS _THERE WILL BE TROUBLE IN THE CAMP IF BETTER ENGINEERING IS NOT FOUND. SOME HALF A \$MILLION WAS PROPOSED AS A RATE INCREASE "SWEETENER " FOR THESE WORKS '

I HAVE BEEN VISITING AND CAMPING IN THE AREA FOR SOME SIXTY YEARS AND MANY IN THIS COUNCIL WILL BE VERY FAMILIAR AS PARENRS AND CHILREN . I CAN STILL SEE SOME MOTHERS ON T HIS

COUNCIL FROLICKING THEREWITH THEIR CHILDREN ..IT IS PRICELESS
AREA AND A BETTER SOLUTION MUST BE FOUND AS MANY A BROKEN BONE
AND NECK. WILL MAY OCCUR.

I WOULD LIKE TO THANK THE ENGINEERING DERARTMENT FOR
FENCING THE AREA AFTER A LARGE TREE FELL
DOWN ONTO THE PARK SEAT > IF IT HAD FALLEN EARLIER YOU WOULD
HAVE GOT ME . PROBLEM SOLVED

PETER BERNARD DALMENY 12-4 -2016

DEALING WITH MATTERS IN CLOSED COUNCIL ITEM

!7

MR MAYOR . .. I FELL THAT THE COUNCIL CONTACT
WITH THE COMMUNITY NEEDS TO BE
IMPROVED CONSIDERABLY .AND THIS COUNCIL
APPEARS TO BE INTERPRETING
THE REQUIREMENTS OF SECTION (e) And (f) TO
OFTEN .AND SOMETIMES IT HAS THE OPPOSITE EFFECT .
HAVE YOU AND THE GENERAL MANAGER
DISCUSSED THIS WITH THE
DEPARTMENT OF LOCAL GOVERNMENT.

PETER BERNARD 12-4 -2016
