WELCOME

Council understands that good places to live don't just happen. Rather, they are built by vision, ideas and a shared commitment for improvement and that is why we are proud to present the services and programs we will deliver for the community during 2019-20. This Plan has been developed to ensure that we continue to work on realising the community's vision of friendly, responsible, thriving and proud.

Eurobodalla enjoys unique natural qualities and as a Council we need to ensure that we provide the infrastructure to support our community to enjoy these features. Since the development of the Delivery Program 2017-21, Council has received over \$73 million from the NSW and Australian governments and we aren't stopping yet. With our detailed infrastructure priority list, we will continue to advocate to all levels of government for improved infrastructure and services that our community deserve.

Council is conscious of change and the fact that as a regional local government organisation we must be prepared for the challenges that 2019-20 may bring. With this in mind, our team will continue to embrace innovation to ensure we can deliver the community's objectives into the future. We will concentrate on sustainable delivery whilst further enhancing our financial viability in line with our Long Term Financial Plan.

We are excited to continue implementation of some important strategies that they have developed over the last two years. We will spend over \$4 million implementing the priority actions from the Recreation and Open Space Strategy 2018 and \$0.38 million delivering new shared pathways as outlined in the Pathways Strategy 2017.

Council is engaging with the community on the plans for the Batemans Bay Regional Aquatic, Arts and Leisure Centre. We are delighted that the Australian government has now pledged \$25 million which brings the total funding from both governments to \$51 million. This funding will ensure that we can start construction on this important regional facility for our community in early 2020.

The \$9.6 million Moruya Airport redevelopment, co-funded by NSW and Australian governments and Council money, is underway and once complete will ensure that the airport can meet our long term passenger needs as well as encourage more people to do business in our Shire. Other exciting projects to receive funding include further works at the Moruya Showground and Observation Point, Batehaven.

With the new Basil Sellers Exhibition Centre in Moruya and expanded Moruya Library open, residents can now experience a diverse arts scene in a professional exhibition space. We look forward to hosting a variety of exhibitions during 2019-20.

Eurobodalla businesses should expect to experience the flow-on effects from Council's new Tourism branding and marketing campaign. The collaboration between Council and Destination NSW heralds a new direction for the marketing of Eurobodalla. We will be launching the campaign in August which involves a new website, associated promotional collateral and much more. We will also commence implementation on the Events Strategy and continue working through the nature-based tourism concept.

This Plan highlights our commitment to improving road safety and the connectivity of our communities. With a mix of government and Council funds, we will spend \$32.9 million on our local transport network. The NSW Government has begun work on new bridges for Batemans Bay and Nelligen. Council has been working closely with Roads and Maritime Services to help refine the design for the Batemans Bay foreshore. It brings exciting opportunities to extend the CBD's recreational and commercial areas, giving people more reasons to stop, stay and spend in Batemans Bay. We want to see a vibrant and diverse foreshore and Council is looking to extend the vision by developing a new masterplan for the southern waterfront and following that a separate study for the Batemans Bay town centre.

In 2007 we set a target to reduce our greenhouse gas emissions by 25% by 2020. Council reached this target two years ahead of schedule and we have now set a more ambitious emissions reduction target of 80% by 2030. We will continue to work through the actions in our adopted Emissions Reduction Plan as well as advocate on the creation of an electric highway through the region.

Council employs 500 local people who undertake the works and services that benefit our community. All these projects will boost our economy, create much-needed jobs, cater to the diverse needs of our community and help to make Eurobodalla a wonderful place to be. We look forward to working with you to achieve the goals set out in this Plan.

Liz Innes
Eurobodalla Mayor

Dr Catherine Dale
General Manager

ABOUT THIS PLAN

This plan combines Council's Delivery Program 2017-21 and Operational Plan 2019-20. Together they show how Council will contribute to delivering on our community's vision and objectives outlined in the Community Strategic Plan 2017 – One Community.

The plan meets our NSW Government legislative requirements. The *Local Government Act 1993* requires all councils to engage the community in preparing integrated plans and strategies to support the achievement of sustainable futures in their local government areas. Ongoing feedback from the community underpins how this plan has been developed and how activities are prioritised.

The Delivery Program 2017-21 and Operational Plan 2019-20 is structured around the nine outcomes in the Community Strategic Plan 2017 – One Community.

1. Strong communities, desirable lifestyle
2. Celebrated creativity, culture and learning
3. Protected and valued natural environment
4. Sustainable living
5. Vibrant and diverse economy
6. Responsible and balanced development
7. Connected and accessible places
8. Collaborative and engaged community
9. Innovative and proactive leadership

The plan outlines the four year activities and annual actions Council will undertake to contribute to achieving our community's vision. Each service that assists in achieving the outcome is identified with each action allocated to a service. Measures to track and report on progress in achieving each activity is also provided.

This document also includes Council's financial information that supports the Delivery Program 2017-21 and Operational Plan 2019-20, including the budgets, capital program and revenue policy. The 2019-20 fees and charges are provided in a supplementary document and is available on Council's website www.esc.nsw.gov.au.

THE INTEGRATED PLANNING AND REPORTING FRAMEWORK

Under the NSW Integrated Planning and Reporting legislation, councils are required to prepare the following plans and strategies.

COMMUNITY STRATEGIC PLAN

This plan identifies the community's priorities and aspirations for the future. Council's Community Strategic Plan 2017 – One Community includes our community's vision, nine outcomes and 34 strategies for all Eurobodalla stakeholders to consider in their planning and activities.

RESOURCING STRATEGY

The Strategy identifies the resources Council has available to respond to the Community Strategic Plan 2017 - One Community over the next 10 years. It includes the Long Term Financial Plan, Asset Management Strategy and the Workforce Management Strategy.

DELIVERY PROGRAM

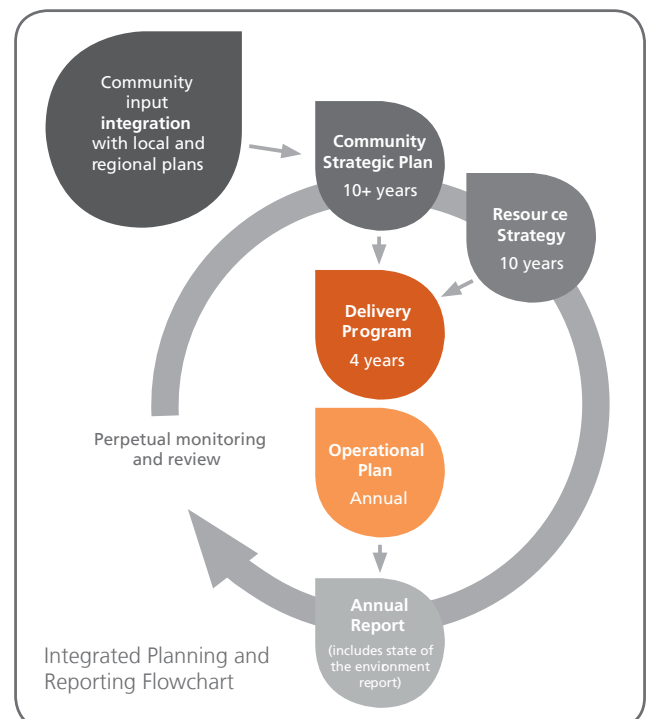

Aligning with the four year term of the council, this program is Council's response and commitment to implementing, within available resources, the priorities and aspirations of the community as expressed in the Community Strategic Plan 2017 – One Community.

OPERATIONAL PLAN

This plan is Council's annual service delivery action plan and includes projects, budgets, fees and charges.

ANNUAL REPORT

Monitoring and reporting performance is an important element of the framework. Each year Council is required to report its performance against progress toward achieving the community's priorities and aspirations in its Annual Report.

ABOUT EUROBODALLA

Eurobodalla is a vibrant community with strong rural and coastal heritage and indigenous culture. Our local industry, once based primarily on dairying, forestry and fishing, is now a diverse economy built around tourism, agriculture, aquaculture, retail, property and health services.

With 143km of coastline, 83 beaches and 4 major river systems, Eurobodalla is known as the land of many waters. Over three-quarters of our land area is open space, consisting of 10 national parks and 15 state forests. Eurobodalla is also known for its beauty, wilderness and wildlife. This natural environment is cared for by our community, who are passionate advocates when it comes to protecting and enhancing our beautiful landscape.

Our population is spread along the coastline, in the regional centre of Batemans Bay, the main towns of Moruya and Narooma and smaller villages and rural areas. Our long term land-use plans allow for growth through increased density in select areas, and urban expansion in key centres such as Sunshine Bay, Lilli Pilli, Rosedale and Broulee. We have made provision to increase employment lands in Batemans Bay, Moruya, Narooma and Dalmeny, as well as opening up opportunities for eco-tourism and increased rural and industrial production.

Our plans take account of coastal, bushfire and other risks, and aim to balance development, population growth, economic opportunity and environmental impacts. Our key transport linkages are via the Princes and Kings Highways. Moruya Airport provides daily air service and the Airport Masterplan will provide for continued enhancement of this facility. Council will continue to advocate and support improved transport linkages including our waterways.

Our Council infrastructure is well cared for, yet many challenges exist due to our ageing infrastructure, funding limitations, growth, changing community, environmental

and transport needs and a desire to better support employment generation and tourism activities. Water security and providing sewerage services to smaller villages are emerging issues requiring resolution in the short to medium term.

In 2017 Eurobodalla's estimated resident population is 38,117 and based on current projections is expected to reach more than 44,000 by 2036. Our demographic profile and rate base are not aligned, with 38% of property owners having their principal address outside Eurobodalla and 31% of dwellings not permanently occupied. In addition, Eurobodalla attracts around 1.3 million visitors annually with higher visitation during the holiday peak seasons. Based on these estimates, in 2031 Eurobodalla can expect an average daily population of 55,000 and a peak population of more than 100,000.

The high seasonal variation in population due to tourism creates both opportunities and challenges. This results in a need to provide infrastructure capable of handling peak loadings, paid for by our ratepayers, and a lower ability to collect fees and charges relative to the scale of the infrastructure we require. These characteristics need to be planned for and considered by Council.

Located close to Canberra and Sydney, Eurobodalla offers an affordable alternative to city living. On offer is a growing local economy, access to education and health services, a relaxing outdoor lifestyle and a strong sense of community. All these elements make Eurobodalla an exciting place to live, work and do business.

COMMUNITY VISION

Our community vision reflects the kind of community that we aspire to in the future. The Community Strategic Plan 2017 – One Community outlines our community's vision to be friendly, responsible, thriving and proud.

FRIENDLY

We are happy, supportive and welcoming

A liveable community has pride of place, ease of access, community harmony, and a mobile and healthy population that is encouraged and motivated to participate in community life. There is a feeling of safety and security, a strong vibrant cultural base, and places to relax, study and play which means people are happy with their work life balance.

RESPONSIBLE

We make balanced decisions that benefit current and future generations

A sustainable community is characterised by appreciation of our natural surroundings that support our economy and lifestyle. It has responsible planning and management practices to maintain our biodiversity and unique character, and is supported by the actions we agree to, to minimise our impact and make best use of valuable resources.

THRIVING

We are successful and sustainable in growth and development

A productive community works together to enable positive investment and employment opportunities. An innovative, diverse and resilient economy ensures that funding, planning and support for infrastructure and economic development exists to grow and enhance business confidence, market strength and industry diversity.

PROUD

We build community spirit and our Eurobodalla leads the way

A collaborative community is engaged, informed, proactive and involved. It has responsible decision making and a sound financial position supported by capable leaders, functional assets and efficient operations to meet the changing needs of the community.

OUR MAYOR AND COUNCILLORS

Eurobodalla Shire Council has nine councillors, including a popularly elected Mayor. The roles and responsibilities of the Mayor and Councillors are explained in sections 226 and 232 of the *Local Government Act 1993*.

Lindsay Usher
Director Planning and
Sustainability Services

THREE LEVELS OF GOVERNMENT

Australia has three levels of government that work together to provide residents with the services that they need.

Each level of government is responsible for providing services and each level collect money through taxes, rates or charges to pay for those services. Each level may be fully responsible for providing certain services, but often two or three levels of government share responsibility.

The table below provides some examples of the different responsibilities and levels of service provision between Australia's three levels of government.

1. The federal government has broad national powers.

2. State and territory governments each has its own government and its own constitution, and have the power to look after laws not covered by the federal government.

3. Local governments are responsible for providing services and infrastructure within its local area. The council responds to federal and state legislation and makes decisions based on identified community need.

Federal government responsibilities include:

- Defence
- Bankruptcy and insolvency
- Trade and commerce
- Census and statistics
- Postal and telecommunications services
- Quarantine
- Foreign policy
- Currency
- Taxation
- Copyright
- Immigration

State government responsibilities include:

- Education including schools, curriculums and coordination of higher education
- Health including public hospitals and nursing
- Transport including railways, main roads, registrations and public transport
- Emergency services including police, fire and ambulance
- Public housing and rental assistance
- Utilities such as electricity
- Mining and agriculture
- Consumer affairs
- Prisons
- Forests
- NSW Government marine infrastructure

Local government responsibilities include:

- Local and regional roads, footpaths and cycleways, street signage, lighting and parking
- Services such as childcare and aged care
- Waste management including rubbish collection and recycling
- Domestic animal regulation
- Recreation facilities including parks, gardens, sports fields and swimming pools
- Water supply and sewerage
- Stormwater and drainage
- Libraries
- Land and coast care programs
- Town planning, building approvals and inspections
- Local boating and marine infrastructure

For more details on Eurobodalla Shire Council service delivery programs please refer to the Eurobodalla Citizens' Jury Briefing Book.

YOUR RATES

This year Council is proposing to increase the General Rate and the Environment Levy by 2.7% in accordance with Rate Pegging approved by the Independent Pricing and Regulatory Tribunal (IPART).

General changes to rates in 2019-20 and the implications for our ratepayers include:

- a 2.7% increase to the General Rate in all rating categories (residential, farmland and business);
- a 2.7% increase to the environment levy;
- waste collection charges reducing by 2.9%;

- average water charges increasing by 2.14%. The access charge increases by 3.1% to \$330 and the usage charge increases by 1.4% to \$3.65 per kilolitre; and

- sewer access charge increasing by 2.1% and the usage charge by 2.1% to \$1.92 per kilolitre.

Further information regarding Council's rating structure and the levies and charges can be found in the Revenue Policy on pages 78-87.

The following tables show the impact of the proposed Council rates and charges for 2019-20.

RESIDENTIAL			
AVERAGE RESIDENTIAL RATE IMPACT	2018-19 (\$)	2019-20 (\$)	CHANGE (%)
General rate	1,005.74	1,032.89	2.7
Environmental levy	38.76	39.80	2.7
Waste collection service	313.90	304.75	-2.9
Sewer – residential 20mm	950.00	970.00	2.1
Water – residential 20mm	320.00	330.00	3.1
Average water bill*	417.60	423.40	1.4
Stormwater charge	25.00	25.00	0
Estimated total rates	3,071.00	3,125.84	1.8
Change in average annual fees and charges		54.84	
Extra cost per week for average ratepayer		1.05	

* Based on 116 kilolitre annual consumption and average property value of \$189,700.

BUSINESS			
AVERAGE BUSINESS RATE IMPACT	2018-19 (\$)	2019-20 (\$)	CHANGE (%)
General rate	3,603.79	3,701.09	2.7
Environmental levy	49.97	51.31	2.7
Waste management charge	51.65	53.00	2.6
Sewer – business 20mm	950.00	970.00	2.1
Sewer usage	248.16	253.44	2.1
Liquid Trade Waste Base charge	102.00	104.00	2.0
Liquid Trade Waste Usage charge	198.00	201.96	2.0
Water – residential 20mm	320.00	330.00	3.1

Customer Assistance and Records	Provides the first point of call for residents and visitors contacting Council via telephone, mail, email and face-to-face front counter enquiries.	<ul style="list-style-type: none"> • Providing a one stop shop to address customer enquiries at point of contact. • Managing Council records in accordance with legislative requirements.
Development Assessment and Building Certification	Applies Australian, NSW and local planning policies and codes to achieve sustainable development across Eurobodalla.	<ul style="list-style-type: none"> • Continuing to provide efficient development assessments. • Responding to changes in the legislative environment. • Utilising available technology to provide a receptive and responsive service. • Providing an efficient and affordable competitive building certification service.
Environmental Management	Provides information, education and action to conserve our natural environment and mitigate environmental impacts.	<ul style="list-style-type: none"> • Maintaining the natural assets which support biodiversity, the tourism industry, community lifestyle, health and wellbeing. • Promoting protection of the natural environment to the community through effective communication, engagement and partnerships.
Finance and Central Treasury	Responsible for Council's financial obligations, management and planning.	<ul style="list-style-type: none"> • Maintaining the financial sustainability of Council guided by the Long Term Financial Plan. • Providing statutory financial reporting in accordance with the <i>Local Government Act 1993</i>.
Fleet and Plant	Manages and maintains Council's vehicles, plant and equipment.	<ul style="list-style-type: none"> • Providing a cost effective fleet and plant service that fulfils council business requirements.
Information Technology	Provides advice and support to staff and Councillors.	<ul style="list-style-type: none"> • Managing information systems in a strategic way that is aligned with business needs. • Consolidating Council's business systems through the corporate e-connect project.

SERVICE	DESCRIPTION	DURING 2017-21 THIS SERVICE WILL FOCUS ON
Libraries	Provides information, education, recreation opportunities and resources for Eurobodalla residents and visitors.	<ul style="list-style-type: none"> • Providing experiences through a program of events that inspire creativity, connections and lifelong learning within the community. • Providing access to information and recreation material via a range of technologies and formats.
Property	Responsible for purchasing, developing and managing Council's property portfolio.	<ul style="list-style-type: none"> • Managing land under Council control to maximise the return for the community.
Public and Environmental Health	Delivers programs and activities to protect our community and the environment.	<ul style="list-style-type: none"> • Monitoring and managing public and environmental health through a range of inspections and surveillance programs.
Public Order and Safety	Contributes to the safety of the community and the environment in relation to pets, parking, beach patrol and emergency services.	<ul style="list-style-type: none"> • Providing efficient and effective ranger and lifeguard services to maintain public order and safety. • Building resilience by working with emergency service organisations, NSW and Australian Governments, industry, community organisations and the general public, to ensure emergency management is responsive to local needs and provides the best local outcome.
Recreation	Provides planning, programs, infrastructure and open space that enables residents and visitors to participate in recreational activities throughout the year.	<ul style="list-style-type: none"> • Providing safe, accessible and appropriate recreation facilities which support the community lifestyle, health and wellbeing. • Maximising community use and accessibility of the recreation facilities through the development of new programs targeting specific populations.
Risk and Insurance	Responsible for the management of strategic and operational risks and insurance for the organisation.	<ul style="list-style-type: none"> • Improving systems and practices to manage enterprise risk.
Sewer Services	Provision of a safe, reliable and sustainable sewer service.	<ul style="list-style-type: none"> • Operating sewerage systems in a sustainable manner.
Stormwater	Provides and maintains infrastructure that collects, controls and manages stormwater.	<ul style="list-style-type: none"> • Mitigate stormwater impacts on the natural environment and built infrastructure.
Strategic Planning	Plans for the housing, business and environmental needs and impacts of our current and future population.	<ul style="list-style-type: none"> • Maintaining and amending Council's land use planning instruments to provide the community with a consistent and rational framework for managing land use and development in Eurobodalla. • Managing the preparation of background studies and policy development for the translation into Council's land use planning legislation.

SERVICE	DESCRIPTION	DURING 2017-21 THIS SERVICE WILL FOCUS ON
Technical Services	Plans, designs, project manage and monitors infrastructure delivery and performance.	<ul style="list-style-type: none"> • Developing, maintaining and implementing asset management strategies, policies and plans.
Tourism	Promotes Eurobodalla to attract new and repeat visitors both within Australia and internationally; provides visitor information services and advice and support to tourism businesses.	<ul style="list-style-type: none"> • Providing support, promotion and networking opportunities to local tourism operators. • Promoting Eurobodalla to key visitor markets.
Transport	Provides the infrastructure such as roads and paths that enables the movement of people, vehicles and goods into and throughout Eurobodalla.	<ul style="list-style-type: none"> • Supporting the development of an integrated transport network that meets the needs of pedestrians, cyclists, vehicles, freight and public transport. • Developing strategies, plans and policies to support the provision of transport infrastructure. • Advocating for improved transport and marine links, services and infrastructure. • Working with key partners to advocate for the progressive upgrade of the Princes and Kings Highways.
Waste Management	Responsible for waste collection, disposal, recycling, illegal dumping, infrastructure and education.	<ul style="list-style-type: none"> • Providing sustainable waste services and infrastructure for the community. • Participating in regional collaboration and develop strategic partnerships. • Delivering community education on waste minimisation.
Water Services	Provision of a safe, reliable and secure town water supply.	<ul style="list-style-type: none"> • Manage water as a valuable and sustainable resource. • Continuing to implement the Integrated Water Cycle Management Strategy including the Southern Water Supply Storage.
Works and Operations	Coordinates, maintains and supplies facilities and equipment to assist service delivery across Council.	<ul style="list-style-type: none"> • Delivering best value procurement. • Providing point of contact for suppliers and coordinating the needs of staff to undertake projects.
Workforce Development	Responsible for human resource management, learning and development, payroll and work health and safety services to the organisation.	<ul style="list-style-type: none"> • Driving our highly skilled and engaged workforce that can respond to the changing requirements of Council.
Youth Services	Provides opportunities and activities for young people aged 12-25.	<ul style="list-style-type: none"> • Delivering programs and activities that engage with youth to encourage their participation and retention in our community. • Planning for and providing development opportunities, services and activities for youth such as Youth cafés, youth network and coordinating the Youth Committee.

WHAT DO MY RATES PAY FOR?

* Commercial entities is budgeted to provide a return to Council for 2019-20.

In 2019-20 rates and annual charges paid by our community will make up 55% of Council's total income. This includes the general rate, environmental levy and waste, water and sewer charges.

The diagram above shows how \$100 of your rates and annual charges is spent across Council services for 2019-20. Please refer to page 63 which describes where our money comes from and where our money goes.

Corporate Overheads

Corporate overheads include services that provide operational support functions for other services such as customer assistance and records, finance and central treasury, fleet and plant, information technology, risk and insurance, technical services, workforce development and works and operations.

The cost of the corporate overheads is \$16.9 million and are redistributed to the service areas that they support.

Therefore they are not included in the above diagram.

OUR COMMUNITY'S INFRASTRUCTURE

Council's service delivery is supported by infrastructure. Council will continue to manage over \$1.6 billion worth of community infrastructure including \$759 million water and sewer dedicated infrastructure.

Asset revaluations occur annually which may result in the revised gross replacement cost of assets.

Council's community infrastructure includes:

- 7,822 stormwater pits
- 919.46 water mains
- 912 headwalls
- 599km sealed roads
- 602km sewer mains
- 521km kerb and gutter
- 458 park benches
- 410km unsealed roads
- 186km stormwater pipes
- 148 carparks
- 135 sewage pumping stations
- 116 Bridges
- 103 Parks
- 74km footpaths
- 67 bus shelters
- 47 stand-alone public toilets
- 45km shared pathways
- 34 playgrounds
- 31 tennis courts
- 24 sports fields
- 22 boat ramps
- 14 cricket pitches
- 14 water pumping stations
- 11 cemeteries
- 9 public halls
- 9 netball courts
- 8 jetties
- 8 pontoons
- 6.88km rockwall
- 5 skate parks
- 5 sewage treatment plants
- 5 viewing platforms
- 4 wharves
- 4 surf clubs
- 3 swimming centres
- 3 libraries
- 3 waste management facilities
- 3 indoor basketball courts
- 3 child care buildings
- 3 fishing platforms
- 2 water treatment plants
- 2 visitor information centres
- 1 bulk water supply

DELIVERY PROGRAM 2017-21 AND OPERATIONAL PLAN 2019-20

The Delivery Program 2017-21 is Council's response and commitment to implementing, within available resources, the priorities and aspirations of the community as expressed in the Community Strategic Plan 2017 – One Community. The four year period of the Delivery Program is aligned to the term of each elected council. Our Councillors have taken an active role in the development of the Delivery Program through budget and priority setting workshops, and ongoing engagement with the community and Council staff about service delivery and key projects. This will be an ongoing conversation over the next four years, in the annual review of the Delivery Program and development of each one year Operational Plan.

To ensure accountability, each outgoing council must report to the community all its achievements in delivering the Delivery Program in an End of Term Report. The Operational Plan 2019-20 provides details of the projects and works being undertaken in the year ahead. It identifies key actions that will contribute to maintaining financial sustainability. The Plan also allocates the service responsible for delivering the projects and services to our community.

To assess progress in implementing this Program and Plan, a range of measures will be used:

- **Delivery Plan Outcome Measures**

These measures are outcome focused and when tracked over time will report Council's progress towards implementing the strategies, outcomes and vision identified in the Community Strategic Plan – One Community.

- **Operational Plan Service Outputs**

These service outputs determine if Council has achieved its planned activities efficiently.

The results of these performance measures, and other service-based measures, will be reported to Council on a six-monthly and annual basis through the Annual Report as well as the State of the Shire snap shot and the End of Term Report, prepared at the end of each Council term.

1. STRONG COMMUNITIES, DESIRABLE LIFESTYLE

Our community is strong, safe and connected with equal access to services and facilities that enable a great quality of life for all ages. We have access to a diverse range of high quality health care services and are supported in living a healthy and active life and maintaining our enviable lifestyle.

This outcome focuses on the importance of encouraging health and wellbeing as well as community pride and a sense of belonging. It looks at maintaining a caring and connected community with high levels of volunteering and community participation. As well as the provision of a range of affordable facilities, programs, services and recreation and active living opportunities for target groups such youth, older people and people with a disability. All this contributes to a good work life balance and ensures our community retains and builds on its family, friendly, inviting, safe feel.

Strategies

- 1.1 Work in partnership to ensure safety at home and within the community
- 1.2 Improve local access to health services
- 1.3 Encourage and enable healthy lifestyle choices
- 1.4 Ensure activities, facilities and services meet changing community needs
- 1.5 Retain our unique identity, relaxed lifestyle options and strong community connections

Delivery Program 2017-21

The principal activities of Council's Delivery Program, in response to Community Strategic Plan 2017 – One Community outcome 1 include collaboration with key partners to address safety, health and access issues, programs and activities to increase community participation and connections, the facilitation of healthy lifestyle activities and choice, and quality service provision to support community members of all ages and abilities.

Council services that contribute to this outcome:

- Community and Cultural Development
- Community Care
- Community Facilities
- Public Order and Safety
- Recreation
- Youth Services

2. CELEBRATED CREATIVITY, CULTURE AND LEARNING

Our community is well educated, innovative and creative. We celebrate diversity and are aware of and embrace our history and culture. Our access to arts, events and life-long learning opportunities help us to create an incubator of creativity and community spirit.

This outcome focuses on the knowledge, diversity and creativity of our community. It looks at how our lives are enriched through access to community based lifelong learning and quality education at all levels. It recognises the need to respect and acknowledge our heritage and history and help to develop opportunities, activities and events that celebrate our diversity, culture and community.

Strategies

- 2.1** Support and encourage the expression of our vibrant creative arts sector
- 2.2** Improve local access to higher education and lifelong learning opportunities, facilities and services
- 2.3** Embrace and celebrate local history, cultural heritage and diversity
- 2.4** Strengthen community life through the delivery of a range of community events and activities

Key Supporting Documents

- Libraries and Lifelong Learning Strategic Plan 2014-18
- Youth Action Plan

Delivery Program 2017-21

The principal activities of Council's Delivery Program, in response to Community Strategic Plan 2017 – One Community outcome 2 include developing and promoting creative arts activities and experiences for our community, celebrating heritage and our diverse culture, building the skills and capacity of industry practitioners, advocating for lifelong learning and educational opportunities, and quality service provision, including community development initiatives.

Council services that contribute to this outcome:

- Business Development
- Children's Services
- Community and Cultural Development
- Libraries
- Strategic Planning
- Tourism

3. PROTECTED AND VALUED NATURAL ENVIRONMENT

Our natural environment is valued and respected for the lifestyle and economic benefits it provides.

We make wise environmental management decisions that enable us to support growth and change, retain balance and address impacts and issues in a measured way.

This outcome seeks to recognise the importance of our diverse natural environment. It involves protecting our rivers, creeks, waterways, mountains, bushland and ecological communities. Maintaining our natural assets ensures we are able to retain and enhance our current lifestyle, visitor experiences and support our growing economy.

Strategies

- 3.1 Respond to our changing environment and build resilience to natural hazards**
- 3.2 Value, protect and enhance our natural environment and assets**
- 3.3 Maintain clean healthy waterways and catchments**
- 3.4 Develop community awareness of environmental opportunities, issues and impacts**

Key Supporting Documents

- Eurobodalla Local Environment Plan
- Various Estuary Management Plans
- Batemans Bay Coastline Hazard Management Plan 2001

Delivery Program 2017-21

The principal activities of Council's Delivery Program, in response to Community Strategic Plan 2017 – One Community outcome 3 include planning for and managing coastal and estuary use and hazards, collaboration with other agencies to coordinate emergency management, value, protect and enhance the natural environment and natural assets, and monitor and manage public and environmental health.

4. SUSTAINABLE LIVING

Our community choose to lead sustainable lifestyles in harmony with our natural environment. We take responsibility for the management and consumption of our valuable resources and recognise the impact that our actions have both today and for future generations.

This outcome involves supporting our community to make sustainable lifestyle choices, to use materials, energy and water resources efficiently and to work together to recognise, manage and strive to reduce our impact on the natural environment.

Strategies

- 4.1** Maximise the efficient use and reuse of our water resources
- 4.2** Targeted reduction of waste with an emphasis on resource recovery and waste minimisation
- 4.3** Support and encourage sustainable choices and lifestyles
- 4.4** Work together to reduce our environmental footprint and develop a clean energy future

Key Supporting Documents

- Waste Strategy
- Integrated Water Cycle Management Strategy 2017
- Emission Reduction Plan

Delivery Program 2017-21

The principal activities of Council's Delivery Program, in response to Community Strategic Plan 2017 – One Community outcome 4 include the provision of safe, reliable and sustainable town water supply, sewerage and waste services, waste mitigation initiatives, partnering with schools and the community to deliver environmental education programs and working together to reduce Council's environmental footprint.

5. VIBRANT AND DIVERSE ECONOMY

Our business and industry sector is smart, innovative, and resilient and is supported and prepared for future growth and challenges. Our workforce is skilled and has access to local job opportunities. We recognise and leverage our unique competitive advantages to ensure Eurobodalla is the choice to live, visit and invest.

This outcome looks at how we attract strategic investment and facilitate employment diversity and growth. It includes strengthening and diversifying our economy by targeting new industries as well as building on our existing strengths such as tourism, local food production and our diverse and unique natural assets.

Strategies

- 5.1 Diversify the region's economy, attract investment and target new and emerging employment sectors
- 5.2 Support our business community and assist in building capacity
- 5.3 Focus on the development of sustainable tourism and quality events and visitor experiences
- 5.4 Ensure businesses have access to supportive public and technology infrastructure

6. RESPONSIBLE AND BALANCED DEVELOPMENT

Our community develops sustainably to support growth while retaining balance between economic, development and environmental outcomes. Our housing options are varied and affordable. The important aspects our community value are not lost and we retain our unique sense of place.

This outcome seeks to ensure planning and development to support our future growth, protects our environment and rural lands, respects our heritage and provides housing choice that meets community need with regard to supply, variety, type, design quality, sustainability and affordability.

Strategies

- 6.1 Plan for growth and encourage increased investment and development outcomes**
- 6.2 Ensure development is sustainable, and reflects community values and the desired local setting**
- 6.3 Encourage and support the development of a more diverse, innovative and affordable range of housing**

Key Supporting Documents

- Advancing Eurobodalla
- Integrated Water Cycle Management Strategy 2017

Delivery Program 2017-21

The principal activities of Council's Delivery Program, in response to Community Strategic Plan 2017 – One Community outcome 6 include ensuring development is sustainable and well planned, encouraging a more diverse and innovative range of housing options, engaging and educating the building industry and providing a responsive development assessment service.

Council services that contribute to this outcome:

- Community Facilities
- Development Assessment and Building
- Certification
- Sewer Service
- Strategic Planning
- Transport
- Water Service

7. CONNECTED AND ACCESSIBLE PLACES

Our integrated accessible transport system grows to ensure social and economic needs are met now and into the future.

This outcome targets the delivery of effective transport options for our community. This involves the continual development of connections into and around Eurobodalla including local and regional roads, traffic congestion at peak times, footpaths, shared pathways, public transport, and freight and tourism connections.

Strategies

- 7.1 Work in partnership to provide an integrated transport network
- 7.2 Improve provision and linkages of our pathway network
- 7.3 Explore and develop public transport options and systems
- 7.4 Enhance connectivity into and out of Eurobodalla through improved air, road and marine transport links

Key Supporting Documents

- Infrastructure – Driving the NSW Economy (Eurobodalla Shire Council Advocacy)
- Disability Inclusion Action Plan
- Moruya Airport Master Plan
- Asset Management Strategy
- Pathways Strategy
- Marine Asset Management Plan

Delivery Program 2017-21

The principal activities of Council's Delivery Program, in response to Community Strategic Plan 2017 – One Community outcome 7 include advocating for the provision of local and regional transport infrastructure, building, renewing and maintaining the road, stormwater and pathway networks and enhancing connectivity and access through improved air, road and marine transport networks.

Council services that contribute to this outcome:

8. COLLABORATIVE AND ENGAGED COMMUNITY

Our community works together and is actively involved. Our thoughts and ideas are valued, we are empowered with knowledge and have the opportunity to participate in decision making.

This outcome focuses on building a collaborative, connected community that actively participates and engages to improve outcomes for Eurobodalla. This involves being informed, having access to up to date information about local issues, and a variety of options to easily and readily engage in an open dialogue with community leaders and organisations to express their views.

Strategies

- 8.1 Encourage an informed community
- 8.2 Provide opportunities for broad and meaningful engagement to occur
- 8.3 Work together to enhance trust, participation and community pride

Key Supporting Documents

- Eurobodalla Community Engagement Framework
- Eurobodalla Disability Inclusion Action Plan

Delivery Program 2017-21

The principal activities of Council's Delivery Program, in response to Community Strategic Plan 2017 – One Community outcome 8 include the coordinated delivery of effective and accessible communication regarding Council activities and services, the provision of broad and meaningful community engagement within a clear engagement framework, and working with our community to enhance trust, participation and community pride.

Council services that contribute to this outcome:

9. INNOVATIVE AND PROACTIVE LEADERSHIP

Our community works together and is actively involved. Our thoughts and ideas are valued, we are empowered with knowledge and have the opportunity to participate in decision making.

Our community leaders listen to and act on our behalf, we value our community's knowledge, experience and ideas and work together to plan for and implement our vision for the future. Our Council is open, accountable and represents its constituents. This outcome focuses on Council as a leader and the way we operate as an organisation. This involves ensuring Council practices sound, sustainable, ethical and transparent decision making, provides a fair and safe workplace and manages community finances and assets responsibly.

Strategies

- 9.1 Provide strong leadership and work in partnership to strategically plan for the future and progress towards the community vision
- 9.2 Ensure financial sustainability and support the organisation in achieving efficient ongoing operations
- 9.3 Leverage our skills, knowledge and systems to continually improve and innovate

Key Supporting Documents

- Eurobodalla Shire Council Property Strategy 2014
- Workforce Management Plan
- Financial Long Term Plan
- Asset Management Strategy

Delivery Program 2017-21

The principal activities of Council's Delivery Program in response to Community Strategic Plan 2017 – One Community outcome 9 include the provision of strong leadership, strategic planning and advocacy to progress towards achieving the community's vision and financial sustainability.

Council services that contribute to this outcome:

2019-20 BUDGET

This section of the document provides the financial information on Council's projected financial performance including:

- Operational Plan – key financial information, projections per service area of Council and a detailed one year capital program for the 2019-20 financial year. The proposed community grants program is also detailed in this section.
- Delivery Program - income statement and cash/fund flow result for each of Council's three funds and a consolidated fund combining the forecast figures for the 2017-18 to 2020-21 financial years.
- Revenue Policy - outlines the proposed changes for rates, levies and annual charges, pricing policies and proposed borrowings for 2019-20.
- All figures are subject to rounding and are generally rounded to the nearest dollar, unless otherwise stated. See page 86 for accounting policies and notes.

In preparing the budgets a conservative approach was taken incorporating known factors, examining prior year performance and trends and making prudent assumptions for forecasting.

Council's operations are separated into three Funds for financial purposes. The three funds are the General Fund (which includes waste and environment activities), the Sewer Fund and the Water Fund.

Council's General Fund performance and projections are in line with Council's Long Term Financial Plan to ensure financial sustainability and efficiency.

The key considerations for Council's Water and Sewer operations focus on ensuring a stable pricing path for ratepayer and meeting NSW Office of Water Best Practice requirements. Council's 30 year Integrated Water Cycle Management Strategy has informed the development of the Water and Sewer Funds' budgets.

The key projected financial results for each fund and a consolidated outlook is shown in the table below:

KEY RESULTS 2019-20 (\$'000)	GENERAL FUND	SEWER FUND	WATER FUND	CONSOLIDATED FUND
Total income (before capital grants and contributions)	79,413	21,297	19,010	119,720
Total expenses	78,351	20,087	17,249	115,687
Net operating result (before capital grants and contributions)	1,062	1,210	1,761	4,033
Net operating result (after capital grants and contributions)	25,932	2,809	5,475	34,216
Total capital program	51,053	16,070	8,295	75,418
Cash position – increase/(decrease) in unrestricted funds	(4,077)	(2,203)	4,827	(1,453)

All funds project an operating surplus before capital grants and contributions, this shows that they are generating enough income to cover their operational expenses in the same period. Council maintains adequate cash reserves to meet its obligations when they fall due. The use of these reserves continues to be monitored, and where appropriate borrowings are minimised to lessen their associated costs.

All funds are projected to be in a sound financial position in the Delivery Program four year period.

The projected financial results for the Operational Plan and Delivery Program periods form the initial four years of Council's Long Term Financial Plan. The Long Term Financial Plan is part of Council's resourcing strategy and models Council's performance for the upcoming ten year timespan. It includes detailed explanations of assumptions used and sensitivity and scenario analysis to test long term aspirations against financial realities.

WHERE DOES OUR MONEY COME FROM?

In 2019-20, we estimate we will manage an income of over \$119 million (excluding capital grants and contributions). Over half of this will come from ratepayers. The remainder is from user fees and charges, grants, contributions and investments.

WHERE DOES OUR MONEY GO?

In 2019-20, we estimate our operating expenditure to be over \$115 million.

The following table shows the income, expenditure and net spend per service as well as the capital spend planned for each service in 2019-20.

SERVICE	INCOME	OPERATING EXPENSE	NET RESULT	CAPITAL SPEND

Total	119,720,297	115,686,660	4,033,637	75,418,007

* Corporate Overheads include services that provide operational support functions for other services such as Customer Assistance and Records, Finance and Central Treasury, Fleet and Plant, Information Technology, Risk and Insurance, Technical Services, Workforce Development and Works and Operations.

** Rates and General revenues include rates income and financial assistance grants that cannot be directly attributed to a particular service.

Council's capital program for 2019-20 is \$75.4 million. This includes confirmed external funding (developer contributions and capital grants and contributions) of \$30.2 million. Based on previous years, we anticipate additional grants will be received during the year, which will offset Council costs. This will be detailed in the Annual Report.

Council is planning to spend \$75.4 million on capital projects in 2019-20. The following table shows the capital projects to be delivered in 2019-20 by service area. Projects marked with an* are partially or fully funded by grant funds Council has successfully received.

Council will continually advocates for grant funding throughout the year. Successful grants are included in the budget when specific timing and costing can be determined.

2019-20

COMMUNITY GRANTS

Section 356 of the *Local Government Act 1993* allows Council to grant financial assistance for the purpose of exercising its functions. The policy provides a framework for delivering grant funding to the community with clear priorities to achieve Council's Community Grants, the Community Strategic Plan 2017 – One Community outcomes and our community's vision to be friendly, responsible, thriving and proud.

This table outlines proposed community grants made by Council for 2019-20, categorised as per the Community Grants policy.

Project	AMOUNT (\$)
Mayoral	10,482
Annual	
Healthy Communities and Seniors Week*	13,023
NAIDOC	5,173
Youth	5,243
Use of Council Land by Not-for-Profit Groups	*
Waste Disposal	23,695
Local Heritage Places	25,756
Schools and Education	8,404
4-Yearly	
Waste Community Recycling Grants	*
Rates Subsidies	25,756
Safety and Emergency Services	43,369
Domestic Waste Collection	2,060
Event	
Events Support Program	51,511
Community Events	*
Total	214,474

* Community grant amounts unknown and will depend on availability of funding and applications.

2017-18 SHOWS ORIGINAL BUDGET AS ADOPTED JUNE 2017

2018-19 SHOWS ORIGINAL BUDGET AS ADOPTED JUNE 2018

REVENUE POLICY

Our Revenue Policy is prepared annually in accordance with Section 405 of the *Local Government Act 1993*. The Revenue Policy includes the following statements for the year 2019-20:

- Rating structure
- Levies and charges
- Pricing methodology
- Borrowings

RATING STRUCTURE

The rating structure for General Rates is based on a combination of a base amount for all properties with the remainder calculated on a rate in the dollar, based on land value assigned by the Valuer-General.

Land valuations are based on market movements reviewed every three or four years. Eurobodalla local government area was recently valued in 2016. The new valuations came into effect for the rating from 1 July 2017.

Rate Peg

The NSW Government introduced rate pegging in 1987. Rate pegging limits the amount by which the Council can increase its rate revenue from one year to the next. The amount of the rate peg is set by the Independent Pricing and Regulatory Tribunal of NSW (IPART). The rate peg amount for 2019-20 is 2.7%.

On behalf of the community, Council is responsible for ensuring that it is financially sustainable and able to generate sufficient funds to deliver the services and infrastructure that meet our community's needs and expectations.

Community and Transport Infrastructure Fund

In 2015 Council successfully applied for a rate variation under section 508A of the *Local Government Act 1993*. The rate variation approved was for an increase of 6.5% on the general rate, including the rate peg amount, for 2015-16, 2016-17 and 2017-18.

Council recognises that maintenance and renewal of infrastructure is important to community wellbeing, the economy and tourism and therefore Council allocates these funds across various services.

INFRASTRUCTURE FUND

COUNCIL SERVICE	Community and Transport Infrastructure Expenditure (\$)
Commercial Entities	4,568
Community Facilities	20,167
Finance and Central Treasury	728,145
Recreation	1,298,679
Risk and Insurance	184,737
Stormwater	323,000
Transport	2,391,515
Works and Operations	108,454
TOTAL	5,059,265

RATING CATEGORIES

Each parcel of land in the Eurobodalla has been categorised for rating purposes in accordance with Sections 515 to 519 of the *Local Government Act 1993*.

Residential

Applies uniformly to all properties where the dominant use is residential or in the case of vacant land, where it is zoned or used for residential purposes.

Farmland

Applies to all properties in the Eurobodalla that satisfy the farmland criteria in the Local Government Area.

Business

Applies to all properties that are not identified as residential or farmland. Properties deemed “inactive” are excepted.

A differential loading is applied to commercial and industrial properties which contribute a greater share of the costs relating to:

- Tourism and economic development
- CBD amenities enhancing retail and tourism
- Additional cleaning, maintenance and construction treatments required for road, traffic, drainage, toilet and street cleaning.

Business (subcategory: inactive)

Council places any properties that cannot be categorised as residential, business or farmland into the business inactive subcategory. Generally, they are lands which have a restriction on their use or cannot be built on. This land will be rated at the same level as residential land.

RATES INCOME

PROJECTED GENERAL RATES INCOME

CATEGORY	RATE (CENTS IN \$)	BASE CHARGE (\$)	% OF TOTAL INCOME FROM BASE PROPERTIES	NO. OF PROPERTIES	NO. OF PENSIONERS	RATEABLE VALUE	GROSS YIELD
Residential	0.2737	513.50	49.74	24,059	4,875	4,560,658,157	24,836,837
Business	1.0583	513.50	13.92	1,228		368,186,205	4,527,093
Farmland	0.2052	513.50	32.72	282		145,047,920	442,445
Business inactive	0.2737			9		550,650	1,507
Total				25,578			29,807,882

PENSIONER REBATES

Holders of a pensioner concession card who own and occupy a rateable property are eligible for a pensioner concession. The *Local Government Act 1993* provides for a pensioner rebate of up to 50% of the aggregated ordinary rates and domestic waste management service charges, to a maximum of \$250. They are also entitled to a maximum rebate of \$87.50 for both water and sewer base charges at a total of \$175.00 per annum.

Under the State's existing mandatory Pensioner Concession Scheme, the State Government reimburses the Council 55% (up to \$233.75 per property) of the pensioner concession. Council funds the remaining 45% (up to \$191.25 per property).

Eurobodalla has approximately 4,875 properties that receive a pensioner concession on their rates. Pensioner concessions are expected to total \$1.9 million in 2019-20. The 55% pensioner subsidy received from the NSW Government will amount to approximately \$1 million, leaving approximately \$900,000 to be funded by Council and the community.

CHARGES ON OVERDUE ACCOUNTS

In accordance with s566(3) of the *Local Government Act 1993*, the Minister for Local Government determines the maximum rate of interest payable on overdue rates and charges each year.

The interest rate for 2019-20 will be 7.5% per annum. Council applies the same interest rate to other overdue debtor accounts. Details on the General Fund can be found in the Budget section of this document.

LEVIES AND CHARGES

Waste

Council provides a waste collection and management service to the community. Waste management charges are designed to recover costs from people who actually benefit from the availability or the use of the waste management system. The reduction in the Domestic Collection charge is a result of the revenue received for the recyclable items placed in the yellow lidded bin. This is a flow on effect of the introduction of the NSW container deposit scheme or Return and Earn.

Details of the waste fund can be found in the Budget section of this document and below.

CHARGES	DESCRIPTION	ANNUAL CHARGE (\$)	NO. OF SERVICES	GROSS YIELD (\$)
Domestic waste availability charge <i>(Section 496 of the Act)</i>	Applies to all rateable land (incl. vacant land) served by the domestic waste collection service and to non-rateable properties that utilise the service. The annual charge is levied whether the collection service is used or not.	18.75	22,498	421,837
Domestic waste collection charge <i>(Section 496 of the Act)</i>	Covers the cost of waste collection services. These services include weekly collection of an 80 litre garbage bin, fortnightly collection of a 240 litre recycling bin and a 240 litre garden organics, and an annual hardwaste collection. This fee is charged to residents supplied with garbage bins by Council.	233.00	22,465	5,234,345
	+ Additional service 240 litre recycling bin	68.35	222	15,173
	+ Additional service 240 litre garden organics bin	68.35	93	6,356
Waste management charge <i>(Section 501 of the Act)</i>	All rateable assessments in Eurobodalla pay this charge to cover the cost of waste management including tip operations and waste minimisation programs.	53.00	25,618	1,357,754
Total				7,035,465

Environment

In 1996–97, Council introduced an environmental levy to provide funds to assist with the preservation and protection of the environment. A separate fund, the Environment Fund, was established to ensure that monies collected are accounted for separately from other activities of Council. Details of the Environment Fund can be found in the Budget section of this document.

The funds raised from the levy are devoted exclusively to tasks such as landcare, estuary management, weeds and pest control, environmental monitoring and research, erosion works and environmental compliance. These funds will supplement NSW Government and other grant contributions towards the protection of the environment.

Details can be found on the environment fund page of the Budget section.

As with general rates, the environmental levy is based on a combination of a base amount for all properties with the remainder calculated on a rate in the dollar based on land value assigned by the Valuer-General. The levy is applied to all rating categories.

PROJECTED ENVIRONMENTAL LEVY INCOME

CATEGORY	RATE (CENTS IN \$)	BASE CHARGE (\$)	% OF TOTAL INCOME FROM BASE CHARGE	NO OF PROPERTIES	NO OF PENSIONERS	RATEABLE VALUE (\$)	GROSS YIELD (\$)
Environmental levy	0.01032	20.20	49.65	25,569	4,875	5,073,892,282	1,040,120

ENVIRONMENT FUND

COUNCIL SERVICE	AMOUNT (\$)
Environmental Management	1,095,868
Public and Environmental Health	513,797
Transport	20,600
Total	1,630,265

Stormwater

In 2006–07, Council introduced a stormwater charge on all developed urban properties. A special stormwater fund was established as part of the general fund to record and report the income and expenditure related to this charge.

This funds the implementation of the stormwater and flood management service as outlined in this document and is used to improve the performance of the stormwater systems in terms of protecting private property from discharge from public lands and roads, and the quality of stormwater harvested and discharged into waterways.

The stormwater charges are levied with the annual rate notice in accordance with Section 496A of the *Local Government Act 1993*.

PROJECTED STORMWATER INCOME

CATEGORY	CHARGE (\$)	NO.OF PROPERTIES	GROSS YIELD (\$)
Residential	25.00	15,949	398,725
Residential strata	12.50	2,637	32,963
Business	*Land area	944	36,882
Total		19,530	468,570

* Land Area:

- for land up to 1,050 square metres – \$25
- for land 1,051 to 2,100 square metres – \$50
- for land 2,101 to 3,150 square metres – \$75
- for land greater than 3,150 square metres – \$100

The charge for business strata is as for business divided by the number of units.

Water

Supplying water to the community is one of the major activities of Council. To pay for this supply, Council collects revenue from the people who benefit from the availability and use of the water supply. All consumers are charged a fixed availability charge and a water consumption charge.

This year, the availability charge has increased from the 2018-19 level (\$320 for 20mm connection) to \$330 while the consumption charge has increased to \$3.65 per kilolitre. The charges are balanced to maintain Best Practice water pricing established by the NSW Office of Water. The base and user charges provide an equitable balance between having the infrastructure to meet peak demand periods and the need to maintain an affordable water usage charge for residents living in the Eurobodalla full-time.

Details of the Water Fund can be found in the Budget section of this document.

Water availability charge

Residential

The residential water availability charge is based on meter size and the type of property.

TYPE OF RESIDENTIAL CONNECTION	CHARGE (\$)
Metered, unmetered, strata unit	330

Properties identified as having granny flats are assessed at the same level as residential if:

- flat has one bedroom only
- flat is occupied by a family member
- the owner signs a statutory declaration that the flat is not to be leased.

Business and multi residential (non-strata flats) water availability charge is based on meter size.

BUSINESS AND MULTI-RESIDENTIAL WATER AVAILABILITY CHARGE

METER SIZE (MM)	CHARGE (\$)
20	330
25	528
32	858
40	1,320
50	2,079
80	5,280
100	8,250

Eligible businesses will pay \$3.65 per kilolitre; the same water usage charges as all other customers for water usage up to the first 10 kilolitres per day (average daily water consumption). For consumption in excess of 10 kilolitres per day water usage will be charged at half the current water usage tariff \$1.825 per kilolitre.

Water meters are required on all commercial and residential strata developments to assist demand management and assessment of consumption and discharges per property. Dual occupancy developments with a single meter will be assessed at a single 25mm access charge of \$528.

CATEGORY	ACCESS CHARGE	CONSUMPTION CHARGE (\$)	NO. OF PROPERTIES	NO. OF PENSIONERS	GROSS YIELD (\$)
Residential	Meter size	3.65	20,329	4,302	15,430,500
Business	Meter size	3.65	1,109		3,120,617
Total					18,551,117

Water consumption charge

- All water consumed will be charged for by volume at \$3.65 per kilolitre from the July 2019 reading.
- A service fee of \$10 will apply to all accounts with consumption between 0 and 2 kilolitres.
- Water usage fees are charged three times each year based on meter readings undertaken in July / August, November / December and March / April and bills are issued in the following month.

Sewer

Council is responsible for the sewerage services within Eurobodalla. Sewerage charges collect revenue from the people who actually benefit from the availability or use of Council's sewerage system. Details of the sewer fund can be found in the Budget section of this document.

Residential

Residential properties pay an access fee based on the size of the water connection. The proposed rate for 2019-20 is \$970.

Dual occupancy developments with a single meter will be assessed at a single 25mm availability charge of \$1,552. Properties identified as granny flats are assessed at the same level as residential if:

- the flat has one bedroom only
- the flat is occupied by a family member
- the owner signs a statutory declaration that the flat is not to be leased.

SEWER RESIDENTIAL CHARGES

	CHARGE (\$)
General service – metered, unmetered, strata unit	970.00
Turlinjah general service (85%)	824.50

Business and multi residential (non-strata flats)

Since 2009–10, business properties are charged depending on the type of business, water meter size and the usage. This 'two part tariff' is required under the State Government Best Practice Guidelines.

Depending on the type of business, properties are charged a usage fee relevant to the ratio of the estimated volume discharged into the sewer system. The sewerage discharge factor is the ratio of the estimated volume of sewerage discharged into the sewerage system to the customer's total water consumption. This fee will be sent three times a year following meter readings on the same account as the water usage and trade waste usage fees. The business sewer usage charge for 2019-20 will be \$1.92 per kilolitre.

Sewer access charges are proposed to increase in 2019-20 from \$950 for a single 20mm connection to \$970 and for larger meters the fees will rise by a proportional amount. Business and Multi Residential properties will be levied charges based on water meter size. As the meter size increases the availability charge increases to reflect Council's costs in providing for larger capabilities of discharge.

Bodalla Urban

From 1 July 2019 both residential and business areas will pay full sewer charges as the service is now available.

WATER METER SIZE (MM)	AVAILABILITY FACTOR	CHARGE (\$)
20	1.0	970
25	1.6	1,552
32	2.6	2,522
40	4.0	3,880
50	6.3	6,111
80	16.0	15,520
100	25.0	24,250
Vacant	1.0	970
Strata	1.0	970

Multi residential is defined as properties with more than a single dwelling. They include flats and dual occupancy development but exclude strata units.

SPECIAL SEWER CHARGES EXPECTED INCOME

CATEGORY	ACCESS CHARGE	NO. OF PROPERTIES	NO. OF PENSIONERS	GROSS YIELD (\$)
Residential general service	970	19,222	4,307	18,951,326
Business	Meter size	1,041	-	2,621,504
Business	Trade waste	438	-	120,000
Total		20,701		21,692,830

Liquid trade waste charge

Council applies an annual charge to all commercial/ industrial properties capable of discharge of liquid trade waste into sewer. This fee covers the cost of annual inspection or audit. A re-inspection fee may apply.

Liquid trade waste discharge fee

Depending on the type of business listed on the schedule, properties are charged a usage fee discounted by a discharge factor. The liquid trade waste discharge factor is the ratio of the volume of liquid trade waste discharged into the sewerage system divided by the volume of water consumed. This fee is calculated on whether the discharger applies pre-treatment (such as removal of grease, oils, sediment, etc.) prior to discharge. This fee is sent three times a year following meter readings on the same account as the water usage fee.

LIQUID TRADE WASTE CHARGES

	CHARGE (\$)
Liquid trade waste annual fee	104.00
Liquid trade waste annual fee (large discharge)	560.00
Compliant discharge	1.53/Kl
Non-compliant discharge (failure to comply with Council's conditions of approval)	14.30/Kl

PRICING METHODOLOGY

All of Council's fees and charges that are not subject to statutory control are reviewed on an annual basis prior to finalisation of Council's annual operating budget. In determining which pricing methodology is appropriate for each type of service, Council is guided by principles of 'fair imposition' and 'user pays'. Council may raise funds for local purposes by fair imposition of rates, charges and fees, by income earned from investments, and when appropriate by borrowings and grants. Council's Pricing Policy generally supports the cost recovery philosophy. It recognises people's ability to pay and balances an expectation that some services will be cross subsidised from rates for the common good of the community.

Pricing will:

- Explore cost recovery opportunities
- Ensure value for money by providing effective and efficient service
- Balance fees against rates, grants and other funding sources
- Manage financial risk
- Develop transparent pricing structures that can be administered simply and efficiently and be understood by the public
- Develop pricing structures that reflect real life-cycle and environmental costs
- Recognise pricing encourages or and behaviours.

DEBT RECOVERY

Commercial debt recovery procedures will be pursued in order to minimise the impact of outstanding debts on Council's financial position. Council will adhere to ethical guidelines in respect of debt recovery procedures. Debtors will be advised of the likely additional legal costs prior to the issue of any summons. Land may be sold, with Council approval, where rates or other property debt arrears are greater than the land value of the property or rates are in arrears for five years.

Private works orders must be signed and authorised by the responsible paying person/property owner, prior to those works commencing. In some circumstances, deposits or guarantees will be required. Credit checks will also be undertaken.

Borrowings

Loans are borrowed for major projects for a term equivalent to the life of the asset (usually not greater than 30 years). Where grants are available and may allow construction of an asset sooner, then loans are used to attract or match that grant. Loans allow us to spread the cost of the asset over the length of the loan period, ensuring that both current and future generations contribute to paying for the asset. This is in accordance with the inter-generational equity principle.

Council avoids borrowing for the annual recurring cost of asset renewals.

All loans are financed from an approved financial institution that offers the most competitive interest rate.

For more information refer to Council's Borrowing Management Policy at www.esc.nsw.gov.au

PURPOSE	2019-20
New Loans	
General Fund	
Batemans Bay Regional Aquatic, Arts and Leisure Centre	4,000,000

All Funds Grand Total New	12,789,376

ACCOUNTING POLICIES AND NOTES

- 1) Policies are generally as stated in the audited financial accounts.
- 2) Sale of assets; the gross value of sales is disclosed in the statement of fund flows. The “carrying value” of assets sold is assumed to be equal to the sale value.
- 3) Depreciation is forecast based on existing assets, works in progress and proposed purchases/construction. Depreciation of \$1 million is also held in Finance and Central Treasury.
- 4) Borrowing may be substituted with other funding sources if available at the time.
- 5) Capital grants and contributions exclude the estimated value of non-cash assets contributed by developers.
- 6) Costs exclude net present value of future remediation of landfills and the like.
- 7) Investment revenues are based on estimated cash/fund flow actually realised.
- 8) A conservative approach is taken when preparing budget forecasts. Council recognise capital income and expenditure supported by external funding when funding is secured and timing of projects can be reliably determined.
- 9) Forecasts reflect a proposed dividend payment from Water and Sewer Funds to General Fund. This is accounted for as Investment Revenue across all funds to facilitate the Consolidated presentation of the funds.

RATING CATEGORISATION MAPS

Council is required to have available for inspection, maps showing those parts of Eurobodalla to which each category and sub-category of the ordinary rate and each special rate applies. These maps are available by request at Council’s Customer Service Centre in Moruya.

RATE SAMPLES

Council also prepares rate samples for a range of rating categories and areas across Eurobodalla which show the potential rating impact for residents. These rating samples are available by request at Council’s Customer Service Centre in Moruya.
