INTRODUCTION

Background

Eurobodalla Local Environmental Plan 2012 (LEP) was notified on 20 July 2012. Since then there have been 6 amendments for various reasons.

Notwithstanding the above, Council staff have now had the opportunity to use and interpret the LEP and the associated maps, and have identified anomalies, errors and omissions of a minor nature that require correction.

Should Council resolve to proceed with the draft Planning Proposal it will be forwarded to the Department of Planning and Environment (DoPE) for gateway determination.

Delegation of Plan Making Function to Council

Council intends to request an authorisation to exercise delegation to all matters addressed in this Planning Proposal. Responses to the relevant matters in the 'Evaluation Criteria for the issuing of Authorisation' are provided in Appendix A of this report.

PART 1: OBJECTIVES or INTENDED OUTCOMES

The amendments proposed to the Eurobodalla LEP 2012 by this Planning Proposal are to correct a number of minor mapping, land use table and clause anomalies, errors and omissions to ensure Council's intent and previous resolutions in relation to these planning controls are achieved. Accordingly the following amendments are proposed. Specific details of each of the proposed changes are in Part 2 of the planning proposal.

Item no	Name of item	Intended Outcomes
A	Mapping omissions	This item seeks to zone certain urban lands under Eurobodalla LEP 2012 that remain zoned under the Urban LEP 1999. As a consequence the Urban LEP 1999 can be repealed.
B	Mapping anomalies	This item seeks to make minor amendments to various Eurobodalla LEP 2012 maps to correct anomalies which have occurred during the finalisation of the maps for the LEP prior to their publication.
C	Land use table anomalies	This item seeks to amend the land use table of certain zones to by adding additional land uses to Item 3 – Permitted with Consent.
D	Clause and schedule anomalies	This item seeks to amend certain clauses to correct wording errors and or omissions.
E	Heritage schedule and map anomalies	This item seeks to ensure the local heritage items are correctly listed and identified. The proposed amendments do not make any changes to the heritage significance of the items.
F	Exempt and complying development anomalies	This item seeks to review the exempt and complying development categories to maintain currency and consistency with the State Environmental Planning Policy.
