2	Albert Ryan Park	14	Individual	Albert Ryan Park	1) Install signs welcoming RV vehicles to towns and the shire. 2) Albert Ryan Park is ideal for RVs to park while in town or attending the club. It also has public toilets. Albert Ryan Park could also be used for a dog exercise park for people close to town and travellers. Gardening is identified as the third most popular hobby in the Eurobodalla Shire, Albert Ryan park begs attention from a Community garden project that would also promote unity with Council.	1) There are implications to the shire becoming 'RV Friendly' that require investigation and consultation as part of targeted economic development. 2) On 14 November 2017, Council adopted a motion that in part, will see Albert Ryan Park and its toilets retained. As a result, reword action N15 (previously p76) as follows. <i>Consult with the community about future design, layout and maintenance of Albert Ryan Park and Rotary Park Batemans Bay.</i>
3	Albert Ryan Park	29	Individual	Albert Ryan Park	Retain and maintain public toilets in Albert Ryan Park	See recommendation 2) to Submission 14.
4	Albert Ryan Park	35	Individual	Albert Ryan Park	Respondent would like Council to make a decision on the future of toilets at Albert Ryan Park	See recommendation 2) to Submission 14.
5	Albert Ryan Park	37	Individual	Albert Ryan Park	Retain toilets at Albert Ryan Park	See recommendation 2) to Submission 14.
6	Albert Ryan Park	43	Individual	Albert Ryan Park	Retain toilets at Albert Ryan Park	See recommendation 2) to Submission 14.
7	Albert Ryan Park	44	Individual	Albert Ryan Park	Retain toilets at Albert Ryan Park	See recommendation 2) to Submission 14.
8	Albert Ryan Park	45	Individual	Albert Ryan Park	Retain toilets at Albert Ryan Park	See recommendation 2) to Submission 14.
9	Albert Ryan Park	57	Individual	Albert Ryan Park	Retain toilets at Albert Ryan Park	See recommendation 2) to Submission 14.
10	Albert Ryan Park	67	Individual	Albert Ryan Park	Retain toilets at Albert Ryan Park	See recommendation 2) to Submission 14.
11	Albert Ryan Park	86	Individual	Albert Ryan Park	Retain toilets at Albert Ryan Park	See recommendation 2) to Submission 14.

1	Key Theme	Submission Number	Individual or Group	Venue, Reserve, Asset type or name (if applicable)	Submission Summary	Staff Comment/Recommendation
25	Bill Smyth Oval	13	Group	Bill Smyth Oval	Need to upgrade facilities at Bill Smyth Oval Narooma including the need for a new full size rugby league ground adjacent to the existing (shared) Australian Rules football oval, an upgrade of the existing clubhouse with improved meeting rooms, canteen and kitchen as well as lighting around a new rugby oval, an additional netball court and change rooms for netball teams and expanded seating adjacent to the sporting grounds.	Retain Actions E7, E8 and S3 (previously M2 and M47) in relation to Master Planning of community, sporting and recreation lands and facilities including Bill Smyth Oval. Action S3 in relation to master planning of Bill Smyth Oval is a high priority recommendation (to be actioned within two years).
26	Bill Smyth Oval	55	Group	Bill Smyth Oval	Respondent recommends improvements to Bill Smyth Oval Narooma	Action S3 in the draft ROSS recommends a review of the Bill Smyth Oval Master Plan as a high priority
27	Bill Smyth Oval	136	Individual	land for sporting facilities	Concern regarding the insufficient space on Bill Smyth oval for all competing activities. Submission proposes alternative management of the facility and to dredge Wagonga Inlet, reclaim land with the deposited sand and establish new sporting fields for Narooma.	The Master Plan for Bill Smyth Oval (Action S3) will seek to address the writer's concerns. The submission is based on a draft development proposal from 1972 which no longer complies NSW environmental legislation and will therefore not be considered in the draft ROSS.
28	Broulee	104	Group	the invitation to attend the Broulee Mossy Point Community Association	Respondent invites Council to attend meeting on Thursday 9 November at Broulee Public School.	Council staff attended the meeting and community feedback has been incorporated into the ROSS.

	A	B	E	K	L	M
1	Key Theme	Submission Number	Individual or Group	Venue, Reserve, Asset type or name (if applicable)	Submission Summary	Staff Comment/Recommendation
29	Broulee	121	Individual	Lot37 DP718667, Lot74 DP776541	Respondent requests deletion of Priority Actions C21 (Train St Broulee) and M33 (Moir Place Broulee) from page 103 as there are Broulee community concerns over the loss of habitat trees and open space for small reward.	<p>The consultant refers in C21 (Train Street) in the draft ROSS, to formalising pedestrian access between Train and Iluka Streets and nothing further. As this land has major sewer infrastructure, the consultant's action is superfluous and will be removed from the ROSS. The grassed land, including pedestrian access between Train and Iluka Streets, will continue to be maintained by Council.</p> <p>Action C6 in relation to 9 Moir Place Broulee recommends the following. <i>Investigate the division of Lot 74, DP 776541 (9 Moir Place Broulee) to:</i> - retain the section with utility infrastructure and community pathway, and - offer the remaining land at market value to the owners of the adjoining properties, 7 Moir Place and 15 Banksia Street.</p>

30	Broulee	122	Individual	proposed upgrades to sporting facilities at Broulee	Respondent wishes to retain bushland and not increase netball courts and parking at Captain Oldrey Park.	<p>Upgraded amenities, including toilets, are required at Captain Oldrey Park in order to meet access standards, minimum levels of service and the demands created by numerous male and female sporting teams and community members of all ages.</p> <p>The creation of a third playing field is a high priority to meet current and future demand from increasing participation in football and rugby union. The proposal for a new skate park at Captain Oldrey Park is long term and subject to future demands and available funding. The Broulee Public School Principal was consulted in 2017 and supported a balance of the proposed facility upgrades and bushland retention for teaching purposes. The new Broulee Public School Principal in 2018 will be asked to consider the Captain Oldrey Park draft landscape master plan.</p> <p>Reword Action C2 (formerly M41) as follows. <i>Finalise the master plan for Captain Oldrey Park.</i> <i>The master plan will ensure that as usage capacity is increased, selective native vegetation elements are retained and managed. The following developments and safeguards are included as part of the draft master plan.</i></p> <ul style="list-style-type: none"> - upgrade layout, accessibility and undercover spaces at the existing amenities building - add two more netball courts and upgrade to acrylic surfaces - improve vehicular traffic movements and the availability of set down and parking for public transport and private cars - develop a third playing field with lighting to training standard - add spectator seating parallel with western touchline of Field 1 and around netball courts - maintain and landscape selected areas of mature trees to provide a balance of uses (environmental preservation, recreation and passive surveillance) - continue to work with Broulee Public School regarding opportunities for shared recreation and transport resources in this precinct.

31	Broulee	156	Individual	Heath Street Reserve	No additional parking or tree loss at Heath Street Reserve	<p>Reword Heath Street Reserve paragraph in the draft ROSS as follows. <i>Heath Street Reserve is known by locals as the 'Village Green' or 'Broulee Common'. In addition to green space and native plantings, the park contains an older style timber picnic table, a swing set nearing end of life, a twin skate bowl and half basketball court. While Council carries out general maintenance, the park also receives attention from the local Landcare group and interested community members. Park users would benefit from upgraded, accessible picnicking facilities (covered picnic tables and electric BBQs) and new playground equipment. Selective planting along the western boundary will provide privacy screening for caravan park patrons. These upgrades coupled with selective trimming and maintenance of the existing vegetation will improve casual surveillance and appeal of the site. Community feedback suggests that current car parking arrangements are sufficient for the majority of days. The Broulee community should be involved in the selection and siting of any new designs and assets.</i></p> <p>Reword Action C4 accordingly.</p>
32	Broulee	167	Individual	Heath Street Reserve	No further development at Heath Street Reserve	See response to submission 156
33	Broulee pathway	145	Individual	Heath Street Reserve and cycleway	No further development at Heath Street Reserve, connect Tomakin with Mossy Point and Broulee by cycleway	See responses to submission 156
34	Broulee ROSS	133	Individual	recommendations that seek to preserve village life and the natural environment	Respondent would like the ROSS to preserve the natural environment at Broulee and to promote a village lifestyle and character	See responses to submissions 122 and 156.

1	Key Theme	Submission Number	Individual or Group	Venue, Reserve, Asset type or name (if applicable)	Submission Summary	Staff Comment/Recommendation
39	Captain Oldrey Park	40	Individual	draft proposal for expansion of facilities at Captain Oldrey Park	Respondent is against the upgrade of toilet facilities, the creation of a new skate park and third playing field requiring the clearing of trees at Captain Oldrey Park.	See response to Submission 122.
40	Captain Oldrey Park	58	Individual	Captain Oldrey Park	Respondent does not support an expansion of Captain Oldrey Park or a new skate park in Broulee	The draft ROSS provides a sound case for a staged expansion of sporting and recreation facilities in Broulee. Being an existing District Sporting Park, Captain Oldrey Park is the logical location for sporting upgrades. Master planning of Captain Oldrey Park will consider a balance of staged infrastructure development to meet current and future needs with the retention of native vegetation where possible.
41	Captain Oldrey Park	124	Individual	Captain Oldrey Park	Retain mature trees and limit vehicular traffic at Captain Oldrey Park by establishing sporting facilities in alternate cleared areas	See response to Submission 122.
42	Captain Oldrey Park	132	Individual	Captain Oldrey Park	Agrees in investing in additional sports fields in Broulee but not at the expense of established trees surrounding the park	See response to Submission 122.
43	Captain Oldrey Park	137	Individual	Captain Oldrey Park	Master plan Captain Oldrey Park to minimise tree loss	See response to Submission 122.
44	Captain Oldrey Park	138	Individual	Captain Oldrey Park	Same as Submission 78 (document number 67482.17)	See response to Submission 122.
45	Captain Oldrey Park	139	Individual	Captain Oldrey Park	Supports sporting facility improvements and balanced planning that leads to minimal tree loss at Captain Oldrey Park	See response to Submission 122.
46	Captain Oldrey Park	140	Individual	Captain Oldrey Park	Supports sporting facility improvements and balanced planning that leads to minimal tree loss at Captain Oldrey Park	See response to Submission 122.
47	Captain Oldrey Park	141	Individual	Captain Oldrey Park	Supports sporting facility improvements and balanced planning that leads to minimal tree loss at Captain Oldrey Park	See response to Submission 122.
48	Captain Oldrey Park	146	Individual	Captain Oldrey Park	Maintain trees and update existing facilities at Captain Oldrey Park	See response to Submission 122.

73	Community Garden	2	Group	SAGE Community Garden	<p>The SAGE Garden (Council owned land) contributes to the recreation mix in a major way. This reflects part of the use of the 'backyard' garden which SAGE is currently improving to allow better accessibility. In addition, there are 12 allotments at this site which are individually managed to grow food for local families. Throughout the year, SAGE hosts many social events which centre around food production that encourage families to connect with local food. These events use the site as a community place (eating, food workshops, music, dancing, education). The site is also used by Council for composting workshops and other public education events. SAGE estimate that the site has over 1000 visitors every year. It would be difficult to find any other Council owned recreational facility which has such a good return on investment for Council.</p>	<p>Commentary around the role and function of Community Gardens has been reviewed and updated on pages 36 and 60 with a new shire wide action E25 added to the ROSS as follows.</p> <p><i>Assess the need for essential infrastructure at Community Gardens and allocate resources and support grant applications to develop and manage a merit based capital program and a program of recreation activities in partnership with the community.</i></p>
74	Community Garden	21	Group	SAGE Community Garden	Duplicate of submission 62224.17	See response to Submission 2

81	consultation Long Beach	56	Individual	methods of community engagement, demography and siting of playground equipment	Respondent suggests broader community engagement, beyond Long Beach Community Association and Batemans Bay Public School, will better inform the siting of community infrastructure in the Surfside to Maloneys Beach planning area. Respondent does not support the construction of a bridge across Cullendulla Creek.	Submission is noted along with a firm direction led by the ROSS for ensuring that community engagement occurs during the review and development of recreation and sporting infrastructure. On advice from the IS Director, the consultant's notion in the draft ROSS for a pathway linking Surfside and Long Beach, including a bridge across Cullendulla Creek, will be withdrawn from the ROSS due to environmental factors. This is consistent with the Pathway Strategy.
82	dogs	3	Individual	dogs on the beach	Request a permanent off leash dog beach on the western end of Long Beach. The area would extend from the current car park at the intersection of Long Beach Road and Bay Road to the most western point of Long Beach so the respondent can exercise themselves and their dog 24 hours a day all year round	Refer to the CAMP review
83	dogs	4	Individual	dogs on beaches	Form letter - Change the timeshare restrictions dates [for dog exclusion zones on beaches] to Easter holidays and from 1 December to 31st January, to reflect the only period of heavy use of Eurobodalla beaches.	Refer to the CAMP review
84	dogs	5	Individual	dogs on beaches	Form letter - Change the timeshare restrictions dates [for dog exclusion zones on beaches] to Easter holidays and from 1 December to 31st January, to reflect the only period of heavy use of Eurobodalla beaches.	Refer to the CAMP review

114	Durras (South Durras)	75	Individual	long term planning and management of undeveloped reserves	Improved long term planning and management of undeveloped reserves to reduce environmental damage at Durras Lake and other environmentally sensitive locations	New shire wide action E28 was developed as follows. <i>Review the 1997 plan of management for Natural Areas and Undeveloped Reserves.</i>

	A	B	E	K	L	M
1	Key Theme	Submission Number	Individual or Group	Venue, Reserve, Asset type or name (if applicable)	Submission Summary	Staff Comment/Recommendation
115	Durras (South Durras)	160	Groups	community hall trends, directional statements and proposed actions	<p>Durras Community Association (DCA) states the Durras Progress Hall is used more frequently than reported by the consultant and that they oppose actions to further activate the hall.</p> <p>DCA wishes clarification on who has determined the 'guiding principles for bushland reserves' and 'future directions for outdoor recreation' as stated in the strategy.</p> <p>DCA would like a footpath around Durras Headland Reserve.</p> <p>DCA does not support rationalisation of Lot 84 DP 259212 (land between Village Road and Banyandah Drive)</p>	<p>Amend draft ROSS in relation to South Durras Progress Hall to reflect 6.25 hall bookings per month (based on Council's Tbookings database for the period December 2016 to November 2017 supplied 17/11/2017).</p> <p>The <i>Guiding Principles for Bushland Reserves</i> is a Council publication that also classifies reserves and prioritises Council's level of service.</p> <p>The guiding principles for 'Future Direction for Recreation and Physical Activity' in the ROSS clearly states that facilities are provided in line with the needs of the community (residents and visitors). This is the professional opinion of the consultant.</p> <p>The Access to Experiences table on page 50 has been amended to reflect most of the respondent's suggestions.</p> <p>The Eurobodalla Pathway Strategy proposes a new footpath through the main residential area via Durras Drive, Dilkera Street, Allambee Street and Banyandah Street. A path to the headland forms part of that proposal.</p> <p>The DCA's opposition to the rationalisation of Lot 84 DP 259212 is noted, however, investigation thus far has identified no reasons to restrict consideration of the site for privatisation /development consideration. This investigation includes bush fire risk planning and mapping and a review of current environmental and maintenance activities by Council at this site.</p>
116	indoor sports	64	Group	indoor multisport proposal	<p>The respondent seeks Council commitment through planning and the allocation of land for development of a multi-purpose indoor sports complex in Batemans Bay.</p>	<p>The draft ROSS notes consistent high usage of Batemans Bay Basketball Stadium and demonstrated the need for an expanded indoor sports centre for the shire.</p> <p>A feasibility study would be valuable in informing the proposed review of the Hanging Rock master plan.</p> <p>New action E3 as follows. <i>Undertake a feasibility study into the provision of a larger indoor multi-purpose leisure centre to cater for a number of sports and community activities. This study will inform the review of the Hanging Rock Precinct master plan.</i></p>
117	Long Beach	31	Group	Higgins Park	<p>Query map caption on page 66 of the draft that states that Higgins Park be split for environment and residential purposes</p>	<p>The caption is a typographical error and has been removed from the draft ROSS</p>

	A	B	E	K	L	M
1	Key Theme	Submission Number	Individual or Group	Venue, Reserve, Asset type or name (if applicable)	Submission Summary	Staff Comment/Recommendation
118	Long Beach	39	Individual	support for installation of play equipment at Sandy Place Reserve	Respondent supports the installation of play equipment at Sandy Place Reserve	Support from the respondent is noted
119	Long Beach	59	Group	Higgins Park, Sandy Place Reserve, community hall facilities and dog exercise areas	Long Beach Community Association (LBCA) wishes to be involved in the planning of future uses of and infrastructure at Higgins Park and Sandy Place Reserve Long Beach. LBCA would also like a community hall for the planning area and a lessening of restrictions on dog off-leash at the western end of Long Beach while retaining full prohibition of dogs at the eastern end of Long Beach.	Submission is noted along with a firm direction led by the ROSS for ensuring that community engagement occurs during the review and development of recreation and sporting infrastructure. Dog related suggestions will be referred to the CAMP Review.
120	Mackay Park	33	Individual	plans for the indoor aquatic centre	Respondent feels that schools were incorrectly informed about the preferred size of the main pool for the proposed Batemans Bay Aquatic Centre and that the project should provide a 50 metre pool.	Refer to the Mackay Park Precinct Project
121	Marine infrastructure	48	Group	the importance of fishing and marine infrastructure to tourism	Respondent would like better integration between the Recreation and Open Space Strategy and tourism marketing plus improved fishing and boating infrastructure	Acknowledge the importance of fishing to recreation and the economy. Following adoption of the ROSS, refer the reader to the Marine Facilities Asset Management Plan and Eurobodalla Destination Management Plan.
122	Mogo	36	Group	a park in the town centre	Respondent would like Council to create a park in the centre of Mogo.	New action N3 as follows. <i>Upgrade picnicking facilities and investigate the design and installation of a multipurpose play element at John Street Reserve Mogo in consultation with the Mogo community. Consider heritage based designs and collaboration with local wood workers.</i>
123	Mogo	123	Individual	public toilets, playground and drainage easement	Respondent wishes the public toilets at Mogo upgraded and a playground installed at this location. Council to consider reclassifying the drainage easement between Tomakin Road and Annetts Street as a Linear Park and install park furniture.	The ROSS recommends upgrading the existing playground and toilets at Mogo Sports Ground plus the installation of play elements at the John Street Reserve. Possible landscaping the easement could be considered, however, the site is not suitable for a public space due to flooding and public safety risks.

	A	B	E	K	L	M
1	Key Theme	Submission Number	Individual or Group	Venue, Reserve, Asset type or name (if applicable)	Submission Summary	Staff Comment/Recommendation
124	Mogo	170	Group	current and future usage and condition of public toilets, parks, park infrastructure and the playground	The respondents wishes upgraded playground equipment, sports infrastructure, picnic tables and amenities at Mogo Sports Ground. The installation of playground equipment and new picnic tables and shelter in John Street Reserve. Investigation of partnership opportunities with Mogo Public School for shared use of recreation and sporting infrastructure. New town signage	Reword action N2 (previously M18) as follows. <i>Renovate and update the toilets, playground and picnicking facilities at Mogo Recreation Reserve. Engage with the local community on building decoration, design of equipment and a procedure for opening and locking the toilets.</i> Also see new action N3.
125	Moruya Toragy Headland	49	Group	offer of in-kind labour to co-ordinate the preparation of a master plan for Toragy Headland Reserve (south)	Respondent would like to assist Council with the preparation of a landscape master plan for Toragy Headland (south)	Council will determine the appropriate Division and timing to meet with the community member to discuss their proposal to coordinate the development a plan for the management of Toragy Headland (south).
126	Mossy Point	70	Group	Mossy Point Anchor Lookout	Copy of correspondence to Council from Mossy Point Community Association seeking Council endorsement and support to trim vegetation and improve views at the Mossy Point Anchor Lookout	The matter has been raised as a customer service request and addressed by Infrastructure Services
127	Narooma	51	Individual	Urban Baths	Respondent wishes to rejuvenate the area to encourage safe swimming in Wagonga Inlet	Parts of the submission have merit for inclusion in the draft ROSS as a recreation option in Narooma. Recommend closer examination as part of ROSS action S4, the proposed master plan for Narooma Swimming Centre and surrounds. A Customer Service Request (CSR) was raised with a view to investigating repairs to the rock wall and to minimise further erosion of the bank. The request for installation of a floating pontoon in Wagonga Inlet is not supported for public safety and maintenance reasons.
128	Narooma	52	Individual	Narooma Urban Baths	Respondent supplied additional photographs in support of submission 51 (document number 66702.17)	The follow up submission is noted as being read in relation to Submission 51.
129	NATA Oval	65	Individual	benches at NATA Oval	The respondent would like two benches installed under the shade trees at NATA Oval Narooma	The requests seems reasonable and consistent with the Nata Oval landscape master plan where shaded picnicking facilities are indicated on the site. New Action S9 as follows <i>Install four bench seats in proximity to the shade trees on the northern side of NATA Oval.</i>
130	NATA Oval	72	Individual	NATA Oval	request for benches and additional shade at NATA Oval	See response to submission 65

	A	B	E	K	L	M
1	Key Theme	Submission Number	Individual or Group	Venue, Reserve, Asset type or name (if applicable)	Submission Summary	Staff Comment/Recommendation
131	NATA Oval	73	Individual	NATA Oval	request for benches and additional shade at NATA Oval	See response to submission 65

133	NATA Oval	77	Individual	NATA Oval	request for benches and additional shade at NATA Oval	See response to submission 65
134	NATA Oval	83	Individual	NATA Oval	request for benches and additional shade at NATA Oval	See response to submission 65
135	NATA Oval	96	Individual	Nata Oval	request for benches and additional shade at NATA Oval	See response to submission 65
136	New sports park proposal (Tomakin)	151	Group	future demand for sporting infrastructure	Develop a new sports park in the Bevia Road area to support population growth in the area between Malua Bay and Tomakin	Given the proximity of Captain Oldrey Park and recommended enhancements there, a new park for the Bevia Road area is not supported by strategy. All new housing developers are required to contribute to community infrastructure, including sporting assets, through section 94 contributions. This legislative requirement will be applied to any future developments that occur at Bevia Road with a view to contributing to the growing needs of the community, not limited to sporting and recreation infrastructure and activities.
137	Participation in cricket	88	Group	cricket participation and sporting oval maintenance	1) The submission provides evidence of steady participation numbers in cricket in Batemans Bay and growth in female participation across the state. 2) General maintenance of sports grounds should not be overlooked.	Commentary on Participation Trends (ROSS page 38) has been amended to indicate that Eurobodalla participation trends for children and adults playing cricket are steady with junior participation increasing at a State level. Sporting groups currently communicate regularly with Council's Parks Team regarding maintenance of sports grounds. Levels of service will continue to be monitored, noting that as a regional facility, Hanging Rock Sporting Facilities are maintained at a higher level of service.
138	Pathway Cullendulla Creek Nature Reserve	97	Individual	construction of a pathway between Long Beach and Surfside	Respondent raises concern that the construction of a pathway between Long Beach and Surfside may negatively impact vegetation, sand dunes and Cullendulla Creek Nature Reserve. Seeking further clarification of layout.	A pathway linking Surfside and Long Beach, including the consultant's notion of a bridge across Cullendulla Creek, has been withdrawn from the ROSS in line with the adopted Pathways Strategy. See response to Submission 56.

	A	B	E	K	L	M
1	Key Theme	Submission Number	Individual or Group	Venue, Reserve, Asset type or name (if applicable)	Submission Summary	Staff Comment/Recommendation
139	Pathways Cycling	149	Group	cycling and cycling related infrastructure and partnerships	EuroBUG wishes to partner with Council and others, including State agencies, to promote and enhance cycling in the shire. The group would like new infrastructure constructed to provide safe cycling for the length of the shire	Council will continue to work with community groups to promote cycling and seek grants to enhance cycling infrastructure in the shire. This includes the needs of recreational, BMX and mountain bike riders. In evidence, shire wide action E12 states the following. <i>Consult with relevant stakeholders to investigate key projects and investment needed for outdoor recreation infrastructure within bushland reserves and foreshores. Key projects include the Batemans Bay Coastal Headlands Walking Trail, North Batemans Bay 100km mountain bike track and Deep Creek Dam multi-discipline mountain bike park, Deua Valley wilderness trail, and an expansion of the existing kayaking routes.</i>
140	Recreation - embellishments and ancillary facilities	22	Individual	shade at parks and along paths	1) Request more shade trees along paths, cycleway and in parks and playgrounds. 2) Playgrounds should be installed with easy access equipment like the new playground at Gunday Oval.	1) Tree planting is determined by Council's Landscaping Code of Practice and Guidelines for Tree Management in the Eurobodalla Shire. In addition, action E15 states the following in relation to this submission. <i>Ensure new and/or upgrades to footpaths and shared paths consider supporting infrastructure such as seating, water bubblers, shade, lighting and signage.</i> 2) The ROSS is consistent in advocating for community consultation on the design, layout and content of all new and replacement playgrounds. In evidence, shire wide actions E30 and E31 state the following. <i>E30 - Review the procedure for renewal of parks and reserves to ensure that levels of use, asset condition and future opportunities are incorporated in the assessment and planning stages.</i> <i>E31 - Consult with the community, especially early childhood services and schools, prior to renewing or developing new playgrounds.</i>
141	Recreation - embellishments and ancillary facilities	34	Individual	undercover performance spaces, shade in playgrounds and adult play equipment	Respondent wishes Council to install shade at playgrounds and install adult suitable recreation equipment in playgrounds.	See responses to Submission 22
142	Recreation - embellishments and ancillary facilities	38	Individual	undercover performance spaces, shade in playgrounds and adult play equipment	Respondent wishes Council to install undercover performance spaces, shade at playgrounds and adult sized play equipment in playgrounds.	Council has established a multiuse outdoor activity space at the Eurobodalla Regional Botanic Gardens and is considering proposals for covered outdoor performances spaces at Moruya Riverside Park and NATA Oval Narooma. A performance venue at Mackay Park Batemans Bay is being considered as part of master planning for that site. These projects are subject to planning approvals and funding. Also see responses to Submission 22.

	A	B	E	K	L	M
1	Key Theme	Submission Number	Individual or Group	Venue, Reserve, Asset type or name (if applicable)	Submission Summary	Staff Comment/Recommendation
143	Recreation - embellishments and ancillary facilities	46	Individual	level grassed areas for gentle exercise	create and maintain level grassed areas across the Shire to enable gentle exercise, Tai, Chi, Bocce and children's games to be conducted with a lesser risk of falls	The submission is supported in areas that do not impact on sites of Aboriginal cultural significance or environmental sensitivity.
144	Rosedale	155	Group	beach access	Association support for Council's application to the Recreational Fishing Trust for grant funds to construct beach access stairs at North Rosedale. Request that Council also consider installation of beach access stairs at South Rosedale	New action (N27) <i>Subject to external funds, construct safe beach access tracks and stairs at North Rosedale off Yowani Road and South Rosedale off the south Knowlman Road road reserve.</i>
145	ROSS	42	Individual	content, structure and grammar	various recommendations to correct typographical and mapping errors, semantic and grammatical corrections, and tone and intent of the wording within the draft document.	The draft ROSS has been peer reviewed. Errors have been corrected and content improved for ease of reading, grammar and structure.
146	ROSS	54	Individual	size, content and layout	Respondent does not approve of the size, scale and complexity of the draft document	See response to Submission 42.
147	ROSS	92	Individual	the cost of upgrading facilities	Raised concern regarding the cost of upgrading facilities. Materials that cost less will mean more can be implemented.	Council operates in accordance with an adopted Procurement Policy (25 July 2017). This considers whole of life costs, including ongoing maintenance, to deliver best value for money for the community. A peer review of the indicative costs provided in the draft ROSS appendices has occurred. Costs will be further reviewed for currency as individual projects are designed and planned over time.
148	ROSS	94	Individual	mapping of reserves	various recommendations to correct mapping errors.	Mapping errors have been rectified as part of a peer review of the draft ROSS.
149	ROSS AFL	27	Group	Gundry Oval and AFL participation trends	AFL NSW ACT reports that 'Australian Rules Football has experienced strong participation growth in recent years across the State and also within Eurobodalla and the broader South and Sapphire Coast regions across all ages, including adults. A major factor in this growth is due to the creation of new women's competitions across the state in recent years, including AFL Sapphire Coast, which all senior clubs are currently represented in.	The ROSS has been updated to reflect growth in AFL adult participation in the Eurobodalla. Note that the future needs of AFL and other sporting codes is considered as part of master planning processes that are under development and proposed. AFL asset upgrades are being undertaken in early 2018 to support the return of AFL competition play at Gundry Oval.
150	ROSS AFL	28	Group	Gundry Oval and AFL participation trends	Same as submission 27.	See response to Submission 27.

154	Tuross Head	30	Group	Tuross Head Progress Hall (CF012), skate and BMX facilities, playgrounds at Evans Park and Kyla Park, sporting opportunities at Kyla Park and public toilets	<p>1) The Tuross Head Progress Hall was demolished in 2014 but is still listed in the draft ROSS as an asset.</p> <p>2) Respondent is advocating for skate facilities to be developed at Kyla Park and not at Evans Park (Evans Road) Tuross Head.</p> <p>3) Respondent is asking for upgraded toilets at Coila Bar Beach in Tuross Head and new toilets constructed at One Tree Point instead of the current location at Clive Court.</p>	<p>1) Remove references to Tuross Head Progress Hall CF012 from the draft ROSS.</p> <p>2) Remove specific references regarding the installation of a WASP in Evans Road Reserve. Add a new Action C13 as follows. <i>Consult with the Tuross Head community to identify the most appropriate response to providing additional youth-focussed activities in the town.</i></p> <p>3) Toilets located at Coila Beach and Clive Court Tuross Head are due for renewal within five years.</p>
155	Tuross Head	41	Group	repaired swings at Kyla Park	Gratitude for recent repairs to swings at Kyla Park Tuross Head.	Submission is noted
156	Tuross Head	89	Group	planning for community gardens	Lot 77 Kyla Park is not noted on the map in the document. Consult with Tuross Community Garden group with any future planning.	Additional commentary under sub heading Activities and Experiences (page 143) acknowledging Tuross Head Community Garden located at Lot 77 Kyla Park Reserve (reference RL038) on the map (page 140)
157	Tuross Head	91	Group	installation of barriers at Coila Lake foreshore	Install barriers at Coila Lake foreshore to prevent vehicles and boat trailers parking in the picnic reserve. This causes damage to the foreshore and poses a risk to archaeological artefacts and families using the area. Installation of signage, community vigilance and ranger patrols will deter damage to the fence.	See response to submission 75 re Action E29 to include a review of the 1997 plan of management for Natural Areas and Undeveloped Reserves. Council has met with commercial fishing operators and has requested that they desist driving on environmentally sensitive areas an attempt to keep to the sealed roadway. Council will reinstate bollards to protect the playground areas from vehicular traffic.
158	Various ROSS items Heath Street Broulee, Captain Oldrey Park, Pathways	158	Individual	community consultation, a recreation vision, demographic analysis and priority actions	<p>Respondent is critical of the methodology and the perceived overall focus on sporting over passive and outdoor recreation activities while lacking vision in support of open space priorities identified by the community.</p> <p>No tree loss at Heath Street Reserve and Captain Oldrey Park in Broulee. Retain Moir Place access route and green space. Complete cycleway linking Tomakin and Mossy Point</p>	The ROSS has been peer reviewed to ensure that a balance exists between sport and recreation priorities including outdoor and passive recreation activities. See responses to submissions 122, 125 and 156.

	A	B	E	K	L	M
1	Key Theme	Submission Number	Individual or Group	Venue, Reserve, Asset type or name (if applicable)	Submission Summary	Staff Comment/Recommendation
159	Various Broulee, Captain Oldrey Park, demographics Tomakin	79	Individual	playgrounds, trails and paths, signage, halls and draft planning recommendations	Install adult exercise stations at Broulee and Tomakin, integrate and expand the walking and cycling network, add colour and texture to public amenities. Disagrees with installation of a 3rd playing field, additional parking and wheeled action sport precinct at Captain Oldrey Park. Agrees with various aspects of the draft strategy	Subject to funding, outdoor exercise equipment should be considered in new locations such as Broulee and/or Tomakin. See actions C1 and C2 in relation to infrastructure upgrades proposed in consultation with the community for Jack Buckley Park Tomakin and Captain Oldrey Park Broulee. The rationale is sound for an additional playing field and car parking at Captain Oldrey Park as a priority. The installation of a skate park is deemed a low priority and subject to identified future needs.
160	Various Broulee Captain Oldrey pathway recreation	129	Individual	Heath Street Reserve, Captain Oldrey Park and recreation trends	Respondent feels that the rationale for decisions in the draft ROSS are flawed as they do not reflect the environmental priorities of residents nor the variety of outdoor based recreation pursuits. The respondent recommends shared use of facilities with Broulee Public School in favour of further development Captain Oldrey Park. The respondent also feels that further development at Heath Street Reserve is not warranted.	See responses to submissions 122 and 156. Also see action E4 as follows. <i>Continue communication with schools regarding continued use of school facilities.</i>
161	Various community halls demographics ROSS	128	Individual	the recreation needs of older residents and the need for a facility to house activities such as a Men's Shed	Respondent would like the ROSS to respond more fully to the recreation needs of older residents and nominate a future location for a Narooma Men's Shed	A number of potential sites for a Narooma Men's Shed have been explored by Council, including a site on the Bill Smyth Oval Reserve. Men's Sheds fall outside of the scope of this ROSS, however, the matter can be considered as part of the Terms of Reference for the Bill Smyth Oval master planning process if not resolved sooner.
162	Various community halls demographics ROSS	134	Group	the addendum to your original submission 128 (72092.17)	Original submission plus detailed plans for co-location with the Montague Arts and Crafts Society	See response to submission 128

163	Various community halls recreation ROSS	148	Group	referencing, draft recommendations, mapping, sporting facilities, reserves, halls and youth activities	<p>1) Narooma and District Chamber of Commerce and Industry (NDCCI) wishes all Council owned campgrounds to be identified in the ROSS.</p> <p>2) The association questions whether recreation infrastructure should be provided to meet holiday population demand.</p> <p>3) NDCCI would like all statements, recommendations and data referenced.</p> <p>4) NDCCI feels there was insufficient community consultation in the Southern region.</p> <p>5) NDCCI is critical of ROSS recommendations for community halls and the rationale for those recommendations.</p> <p>6) NDCCI does not support the specific recommendation for installation of basketball half court and dual sided ball wall at Rotary Park in Dalmeny.</p>	<p>1) Campgrounds will not be listed in the ROSS. This is consistent with other commercial entities of Council that while not listed in the ROSS, are listed in the Delivery Program (page 58), including the Beach Resort and Saleyards.</p> <p>2) Unlike essential services and utilities, recreation infrastructure is not provided to meet peak holiday demand periods unless a public safety issue is identified.</p> <p>3) References have been added where available.</p> <p>4) 13.4% of survey responses and 11% of public submissions were specific to the Southern Planning Area. Approximately 15 residents attended a public meeting at Walker Park and a further 25 people attended a public meeting at Bill Smyth Oval.</p> <p>5) The ROSS places great emphasis (Action E24) working with the community to activate halls that are underutilised. This may involve hall upgrades, programming of activities and events and assessing the hall hire conditions. Where possible halls not owned by Council have been identified.</p> <p>6) New action S1 as follows. <i>Consult with Dalmeny community to identify the most appropriate response to providing additional youth focussed activities in the township.</i></p>
164	Various consultation Botanic Gardens Sandy Place Reserve, Long Beach	24	Individual	demographic analysis and the community engagement process, the ERBG, shire-wide marine activities and the proposed swings	<p>1) Respondent wishes greater acknowledgement of and strategies to manage the impacts of visitor populations at peak periods of the year.</p> <p>2) Respondent wishes to see more emphasis on planning and maintenance of marine infrastructure and the Eurobodalla Regional Botanic Gardens in particular.</p> <p>3) Respondent feels that there was insufficient feedback during the community engagement process from 'less organised and passive community groups'.</p> <p>4) Respondent does not feel that demographics support the installation of standalone swings at Maloneys Beach and that the swings in isolation will be underutilised and potentially damaged.</p>	<p>1) Unlike essential utilities infrastructure, the requirement for recreation infrastructure built to meet peak visitor demands is not proven.</p> <p>2) Refer submission writer to Council's Marine Infrastructure Asset Management Plan and the Eurobodalla Regional Botanic Gardens Strategic Plan 2013-2018.</p> <p>3) In addition to community feedback obtained in developing the ROSS, the ROSS advocates for ongoing community engagement particularly when designing and planning new sporting and recreation infrastructure and activities.</p> <p>4) Retain Action N10 to install a new set of swings at Maloneys Beach. The population statistics for children aged under 15 in this planning area are consistent with the Eurobodalla Shire.</p> <p>The Maloneys Beach Residents Association, the group requesting the installation, have consulted with families in Maloneys Beach to form an opinion on the demand. The new swings will be co-located with existing picnic shelter, BBQs and toilets to form an integrated site layout that is also used weekly by Tai Chi groups.</p>

165	Various demographics dogs Long Beach Mackay Park pathway	120	Individual	Higgins Park, Cullendulla Creek and proposals related to maps, footpaths, facilities, dogs on beaches and Batemans Bay Aquatic Centre	1) Retain play equipment at Higgins Park, proposes the establishment of one District Recreation Park, 2) retain bushland around Sandy Place Reserve 3) proposes additional footpaths in Long Beach 4) objects to the draft notion to link Surfside to Long Beach via Cullendulla Nature Reserve via a track 5) proposes relaxation of restricted dog off leash restrictions at the western end of Long Beach 6) supports the provision of a 50 metre pool in the proposed Batemans Bay Aquatic Centre	1) Play equipment at Higgins Park has reached end of life and will be decommissioned as per Action N9. A new playground will be established 400 metres away at Sandy Place Reserve alongside public amenities, parking, picnic shelters and BBQs as per Action N8. The proposal to upgrade Sandy Place Reserve to District level is subject to a Review of Environmental Factors (REF). 2) While no bushland is recommended for removal by the ROSS, correspondence post public exhibition period has requested improved beach access from Sandy Place Reserve that may necessitate trimming of native vegetation. 3) Additional footpaths for Long Beach are proposed in the Eurobodalla Pathways Strategy. 4) The draft proposal for a track and bridge linking Surfside with Long Beach via Cullendulla Nature Reserve will be removed from the ROSS in line with the Pathways Strategy. 5 and 6) Dogs on beaches and Mackay Park precinct (the Batemans Bay Aquatic Centre) will be addressed in separate planning processes.
166	Various Jack Buckley Captain Oldrey Mogo	119	Individual	Jack Buckley Reserve, Captain Oldrey Park and Mogo Sporting Reserve	Respondent agrees with draft ROSS proposals for upgrading of status and infrastructure at Jack Buckley Reserve Tomakin, Captain Oldrey Park Broulee and Mogo Sporting Reserve	Submission noted
167	Various recreation ROSS Tuross	81	Group	report structure, bushland reserves and mapping	Recommendations to improve the structure and intent of the strategy and actions. Amendments to the Tuross Head map	Submission noted Tuross Head map will be amended

168	Various: community groups community hall demographics dogs ERBG pathways	50	Individual	activities for older people, integrated paths and trails, ERBG, Captain Oldrey Park, dogs on beaches and the recognition of volunteer groups	<p>Respondent would like additional focus on developing facilities, mobility options and activities for the growing proportion of older residents.</p> <p>Respondent would like the paths and cycleway network increased to support local movements and also act as a driver for inbound visitation.</p> <p>The Botanic Gardens should be promoted as a recreation, education and event venue for people of all ages not simply children.</p> <p>Respondent supports draft actions for Broulee/Mossy Point.</p> <p>Respondent is opposed a lessening on restrictions on dog movements in community open spaces and reserves.</p>	The suite of current Council policies, plans and practices would seem to support the intent of respondent's submission. For example Disability Inclusion Action Plan, Pathway Strategy and Eurobodalla Regional Botanic Gardens Strategic Plan.
169	Walker Park	47	Individual	Walker Park	Withdraw Action M52 related to investigation of options to reclassify, subdivide and sell Lot 558, DP 752155 (Walker Park in Narooma) for residential purposes	Action M52 has been withdrawn from the draft ROSS. Council officers met on site with community members and Councillors to begin the process of establishing a future direction for Walker Park in Narooma. New Action S8 as follows. <i>Consult and work with Narooma on options for Walker Park Narooma.</i> <i>Options may include an 'edible garden, food forest' or status quo parkland uses.</i>
