

28 January 1997

Eurobodalla Shire Council

PLAN OF MANAGEMENT

Natural Areas and  
Undeveloped Reserves

ADOPTED

# NATURAL AREAS & UNDEVELOPED RESERVES

## DRAFT PLAN OF MANAGEMENT

WHAT IS IT? A GENERIC PLAN  
 WHAT DOES IT DO?  
 ASSISTS & GUIDES WHO  
 Users of the reserves  
 The Community  
 Management Committees  
 Business  
 Utilities (power, phone etc)  
 Eurobodalla Shire Council (ESC)

HOW  
 Defines the important issues; authorises current uses of Community Land, describes desired long term goals, describes how changes in use can be effected. Examines specific management issues; Sets goals and objectives. Provides a base for operation and maintenance; Directions for achieving goals & objectives; Ways of measuring results.

HELPS MANAGE WHAT  
 The council owned land classified as "community land" in the shire that is categorised as undeveloped community land or a natural area, being land that is not already covered by a specific Plan of Management. The natural areas are further categorised as being bushland, foreshore, escarpment, watercourse, or wetland. In summary there are over 350 parcels of Community Land which are classified into a range of categories as follows.

Category	Number of Parcels of Land			Total Area (hectares)
	Major (over one hectare)	Minor (under one hectare)	Total	
General Community Use (undeveloped)	2	124	126	23
General Community Use (other)	1	3	4	2
Natural Bushland	57	67	124	419
Natural Escarpment	4	5	9	10
Natural Foreshore	30	44	74	173
Natural Watercourse	11	18	29	55
Natural Wetland	13	3	16	82
<b>TOTAL</b>	<b>118</b>	<b>264</b>	<b>382</b>	<b>764</b>

WHERE  
 This land covers over 700 hectares in small and large tracts all over the Eurobodalla Shire.

WHY  
 To meet the requirements of the new Local Government Act, 1993. These plans will however help to establish some long term goals for the users, managers and the Community.

CAN IT ESTABLISH  
FUTURE PLANS?

The Plan can establish future plans. Future plans are covered in Table C which lists the developments proposed for land covered by this plan. The timing and scope of these developments are subject to available funding. Where a proposed development would change the nature of the land sufficiently to warrant recategorising to a "Developed" category then a new Plan of Management would need to be prepared.

From time to time particular improvements may be proposed on community land covered by this Plan of Management in order to allow the preservation and passive enjoyment of the natural state of that land, for example closure of excess access roads, new access paths or roads, log barriers, beach steps, fencing, erection of signs. Any new structure or access way would be required to go through the normal Council approval process however will not require readvertisement of this plan unless it is considered that the change would constitute a significant change in use of the land.

WHEN CAN A RESERVE  
BE REMOVED OR  
ADDED TO THIS PLAN?

From time to time a parcel of Community Land covered by this Plan may be moved from this plan and covered by a new Plan of Management. Acquisition by purchase or dedication may result in additions to this Plan. These changes will not necessitate the readvertisement of this Plan of Management. A current up to date list will be maintained of all parcels of Community Land covered by this Plan of Management.

It is possible that some more specific Plans of Management will be prepared in the future for land covered by this Plan of Management where it is identified that a more specific plan is necessary and subject to available funding.

WHO SAYS,  
HOW IS THIS  
PLAN PREPARED?

The initial draft was prepared by Council staff in consultation with the community. Council endorsed the Draft Plan and is seeking public input through advertisement of the Draft Plan. Public comment will be considered in the preparation of the final plan which, provided no significant changes are made, will then be adopted by Council.

CAN WE SAY?    YES

The public will have an opportunity to respond to Council's Draft Plan of Management for the Reserves.

HOW

You can comment on the draft plan in writing to Council by the close of submissions date advised when the plan is advertised.

ESC REF: 96.0047

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

---

## **GENERAL DESCRIPTION:**

The land covered by this Plan of Management includes some 360 parcels of Council owned Community Land covering 700 hectares located throughout the Eurobodalla Shire, but generally located in and around urban and village settlements.

The land is included if it is a natural area or is presently undeveloped community land. The natural areas are categorised of Natural Bushland, Natural Escarpment, Natural Foreshore, Natural Watercourse or Natural Wetland. This means that they are generally undeveloped and there is virtually no maintenance carried out on these areas.

Approximately one third of these parcels of land representing less than 5% of the total area are classified as community land for general community use. The remainder of the land covering nearly 700 hectares is categorised as natural areas.

Table A attached summarises the classifications of land included in this plan and provides some statistics as to the number, location and total area of land. These statistics will vary as land is added to and deleted from this Plan of Management in the normal course of operation.

## **IMPORTANT ISSUES:**

### **ABOUT THE LAND**

The natural coastal landforms, ocean beaches, bushland and coastal habitats, forest areas and coastal wetlands are major assets the Eurobodalla Coast and hinterland. Many of these features are contained within Community Land (Crown and Council owned), State Forests and National Parks within the shire. Within any one locality a natural area may straddle land owned or controlled by more than five parties (Council, Crown, State Forests, National Parks, or Privately owned).

This Plan of Management does not attempt to consolidate the management of specific areas. It is a general plan for all Community Land owned by Council and categorised as a natural area as well as land that is considered an undeveloped reserve for general community use.

The parcels of land covered by this Plan of Management all share a major feature of being in a natural undeveloped state. There is a clear distinction made between reserves considered natural areas and reserves considered as presently undeveloped Community Land.

The undeveloped Community Land is generally smaller compartments of land within or bounding urban areas and not adjoining larger natural areas of Community Land (Council or Crown owned) or State Forest or National Park. These parcels however may be adjacent areas of privately owned undeveloped urban land in a natural state. This land is categorised for General Community Use and may in the future be considered for further maintenance as a small park or playground and would be moved to another Plan of Management were this to occur.

The natural areas are categorised as one of five Natural area types depending upon the predominant features of the land - ie Bushland, Escarpment, Wetland, Foreshore, Watercourse. Some of the Reserves may contain one or more special natural features and where this is significant a secondary categorisation has been made.

Whilst these Reserves are predominantly natural untouched land, some areas may contain small areas containing works of some kind such as utility corridors, power lines, communications towers, and other such features. A number of natural areas also contain structures or works such as defined access roads and paths,

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

---

fences, log barriers, signs and boardwalks. Where possible, special features or uses are identified in Schedule A and inventory is listed in Schedule D.

## USES OF COMMUNITY LAND

### CONTINUATION OF CURRENT USES OF LAND \*

This Plan of Management authorises the continuation of the current uses for the parcels of Community Land listed in the attached Schedule A subject to compliance with relevant statutory and regulatory obligations.

Changes to the schedule of land covered by this Plan will occur from time to time as a natural part of administration of community land. This Plan of Management outlines the process required for changes to this list to occur and the level of public input required. This is also governed by the Local Government Act, 1993.

Changes to existing uses will, where significant, require seeking public input. The level of significance of a change will be determined either by the extent or type of project or by the importance the particular land has to the public, current users and future generations both locally and regionally as well as its proximity to other such identified areas.

### CHANGES TO THE USE OF LAND \*

Where a significant change is proposed to the current use of a parcel of Community Land covered by this Plan of Management a new Plan of Management needs to be prepared. Proposed changes to Community Land as listed in Table C do not require a new Plan of Management but may require public consultation. Council may however choose to prepare of a new Plan of Management.

Where proposals are not considered significant and could be considered an embellishment of an existing facility a new Plan of Management is not required however public input may be required through the council approval process.

A major change to the area of natural component of a Reserve will constitute a change in use and will require public input as outlined above.

### LAND REMOVED FROM THE LIST \*

Some of the parcels of Community Land covered by this Generic Plan may at some point in the future be incorporated into a more specific Plan of Management. This may be either a more specific Generic plan or an individual plan.

A parcel of Community Land can only be removed from this list if it is advertised in a new Plan of Management or if the land is reclassified operational in accordance with the requirements of the Local Government Act, 1993.

### LAND ADDED TO THE LIST \*

Acquisitions of land by Council either by purchase or dedication, which is classified as Community Land may be added to the list of land covered by this Plan of Management without readvertising this Plan of Management.

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

---

## \* WHO DECIDES WHETHER A NEW PLAN OF MANAGEMENT IS REQUIRED

The General Manager or his/her delegate shall make an assessment as to whether any proposal is considered a change in use of Community Land or whether the proposals are significant and warrant preparation of a new Plan of Management.

## **BUSHFIRE HAZARDS AND FUEL BUILDUP**

The Fire Control Centre undertook an assessment of the bushfire risk level of the land covered by this Plan in 1995. The assessment included an evaluation of the fuel loads per hectare and the considered risk to life or property based upon site evaluation including aspect, slope and proximity to residential areas. Of the approximate 1200 parcels of Community Land in the Shire some 600 were identified as having a moderate to high level of risk with approximately 270 of these being covered by this Plan of Management.

A recommendation as to the action required to reduce the risk level was made for each parcel of land. Fully implemented these recommendations may in some instances clash with the objectives of maintaining the natural condition of some of the land covered by this Plan of Management. More selective methods for achieving reduced fire risk may be necessary for parcels of land identified by Council and/or the community.

The three methods for reducing fire risk are: 1) Slashing of grassed areas; 2) Underscrubbing with a slasher to remove and compact undergrowth (generally under 2 metres); and 3/ Prescribed fuel management burning.

Council is in the process of assessing the Fire Control Centres recommendations and will prepare a strategy for addressing the issues raised. Council will advertise its strategy for public comment.

In addition to the report and strategy discussed above it is proposed that on an ongoing basis the public be consulted where fire risk reduction measures are to be undertaken that affect the nature of the Community Land concerned.

## **ENVIRONMENTALLY SENSITIVE AND CULTURALLY SIGNIFICANT AREAS**

Contained within the land covered by this Plan of Management are some areas which are or may be considered environmentally sensitive or culturally significant.

It is proposed that this land be identified and a register be maintained to ensure appropriate management of any special issues relating to that land. Schedule C identifies a number of areas of environmental significance. This Schedule does not represent a comprehensive list and will be updated as information becomes available.

The changes in public and community recognition of the importance of conserving and enhancing our natural resources has increased the demand for more knowledge of the areas that are sensitive or significant in some way. It is important that the community and special interest groups participate in identifying this land. This process will provide an important reference for decision making and appropriate maintenance of Community Land. It may also assist in identifying Community Land which warrants a separate Plan of Management.

A large number of Aboriginal sites have been identified throughout the Eurobodalla Coast and some within Community Land covered by this Plan of Management. The location of these sites is not specified in this Plan of Management and will not be identified publicly unless a specific Plan of Management is developed for the management and protection of the site(s) concerned.

Council policy and guidelines are in place to ensure that any works or development does not proceed without

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

---

identifying and assessing the archaeological or environmental values of an area.

## **PUBLIC CONSULTATION:**

## **ADOPTION OF PLAN OF MANAGEMENT:**

## **IMPORTANT VALUES:**

## **OBJECTIVES FOR MANAGEMENT:**

The Local Government Amendment (Community Land Management) Act 1998 requires that the core objectives of the category of the land be included in the Plan of Management. The core objectives for the categories of land covered by this Plan of Management appear below.

## **CORE OBJECTIVES:**

### **FOR LAND THAT IS CATEGORISED AS: NATURAL BUSHLAND**

s36E of the Local Government Act, 1993 as amended prescribes core objectives for management of community land categorised as a natural area.

The core objectives for management of community land categorised as a natural area are:

- (a) to conserve biodiversity and maintain ecosystem function in respect of the land, or the feature or habitat in respect of which the land is categorised as a natural area, and
- (b) to maintain the land, or that feature or habitat, in its natural state and setting, and
- (c) to provide for the restoration and regeneration of the land, and
- (d) to provide for community use of and access to the land in such a manner as will minimise and mitigate any disturbance caused by human intrusion, and
- (e) to assist in and facilitate the implementation of any provisions restricting the use and management of the land that are set out in a recovery plan or threat abatement plan prepared under the Threatened Species Conservation Act 1995 or the Fisheries Management Act 1994.

s36J of the Local Government Act, 1993 as amended prescribes further core objectives for management of community land categorised as bushland

The core objectives for management of community land categorised as bushland are:

- (a) to ensure the ongoing ecological viability of the land by protecting the ecological biodiversity and habitat values of the land, the flora and fauna (including invertebrates, fungi and micro-organisms) of the land and other ecological values of the land, and
- (b) to protect the aesthetic, heritage, recreational, educational and scientific values of the land, and
- (c) to promote the management of the land in a manner that protects and enhances the values and quality of the land and facilitates public enjoyment of the land, and to implement measures directed to minimising or mitigating any disturbance caused by human intrusion, and
- (d) to restore degraded bushland, and
- (e) to protect existing landforms such as natural drainage lines, watercourses and foreshores, and
- (f) to retain bushland in parcels of a size and configuration that will enable the existing plant and animal communities to survive in the long term, and
- (g) to protect bushland as a natural stabiliser of the soil surface.

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

## **FOR LAND THAT IS CATEGORISED AS: NATURAL ESCARPMENT**

s36E of the Local Government Act, 1993 as amended prescribes core objectives for management of community land categorised as a natural area.

The core objectives for management of community land categorised as a natural area are:

- (a) to conserve biodiversity and maintain ecosystem function in respect of the land, or the feature or habitat in respect of which the land is categorised as a natural area, and
- (b) to maintain the land, or that feature or habitat, in its natural state and setting, and
- (c) to provide for the restoration and regeneration of the land, and
- (d) to provide for community use of and access to the land in such a manner as will minimise and mitigate any disturbance caused by human intrusion, and
- (e) to assist in and facilitate the implementation of any provisions restricting the use and management of the land that are set out in a recovery plan or threat abatement plan prepared under the Threatened Species Conservation Act 1995 or the Fisheries Management Act 1994.

s36L of the Local Government Act, 1993 as amended prescribes further core objectives for management of community land categorised as an escarpment.

The core objectives for management of community land categorised as an escarpment are:

- (a) to protect any important geological, geomorphological or scenic features of the escarpment, and
- (b) to facilitate safe community use and enjoyment of the escarpment.

## **FOR LAND THAT IS CATEGORISED AS: NATURAL FORESHORE**

s36E of the Local Government Act, 1993 as amended prescribes core objectives for management of community land categorised as a natural area.

The core objectives for management of community land categorised as a natural area are:

- (a) to conserve biodiversity and maintain ecosystem function in respect of the land, or the feature or habitat in respect of which the land is categorised as a natural area, and
- (b) to maintain the land, or that feature or habitat, in its natural state and setting, and
- (c) to provide for the restoration and regeneration of the land, and
- (d) to provide for community use of and access to the land in such a manner as will minimise and mitigate any disturbance caused by human intrusion, and
- (e) to assist in and facilitate the implementation of any provisions restricting the use and management of the land that are set out in a recovery plan or threat abatement plan prepared under the Threatened Species Conservation Act 1995 or the Fisheries Management Act 1994.

s36N of the Local Government Act, 1993 prescribes further core objectives for management of community land categorised as foreshore.

The core objectives for management of community land categorised as foreshore are:

- (a) to maintain the foreshore as a transition area between the aquatic and the terrestrial environment, and to protect and enhance all functions associated with the foreshore's role as a transition area, and
- (b) to facilitate the ecologically sustainable use of the foreshore, and to mitigate impact on the foreshore by community use.

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

## FOR LAND THAT IS CATEGORISED AS: NATURAL WATERCOURSE

s36E of the Local Government Act, 1993 as amended prescribes core objectives for management of community land categorised as a natural area.

The core objectives for management of community land categorised as a natural area are:

- (a) to conserve biodiversity and maintain ecosystem function in respect of the land, or the feature or habitat in respect of which the land is categorised as a natural area, and
- (b) to maintain the land, or that feature or habitat, in its natural state and setting, and
- (c) to provide for the restoration and regeneration of the land, and
- (d) to provide for community use of and access to the land in such a manner as will minimise and mitigate any disturbance caused by human intrusion, and
- (e) to assist in and facilitate the implementation of any provisions restricting the use and management of the land that are set out in a recovery plan or threat abatement plan prepared under the Threatened Species Conservation Act 1995 or the Fisheries Management Act 1994.

s36M of the Local Government Act, 1993 as amended prescribes further core objectives for management of community land categorised as a watercourse.

The core objectives for management of community land categorised as a watercourse are:

- (a) to manage watercourses so as to protect the biodiversity and ecological values of the instream environment, particularly in relation to water quality and water flows, and
- (b) to manage watercourses so as to protect the riparian environment, particularly in relation to riparian vegetation and habitats and bank stability, and
- (c) to restore degraded watercourses, and
- (d) to promote community education, and community access to and use of the watercourse, without compromising the other core objectives of the category.

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

## **FOR LAND THAT IS CATEGORISED AS: NATURAL WETLAND**

s36E of the Local Government Act, 1993 as amended prescribes core objectives for management of community land categorised as a natural area.

The core objectives for management of community land categorised as a natural area are:

- (a) to conserve biodiversity and maintain ecosystem function in respect of the land, or the feature or habitat in respect of which the land is categorised as a natural area, and
- (b) to maintain the land, or that feature or habitat, in its natural state and setting, and
- (c) to provide for the restoration and regeneration of the land, and
- (d) to provide for community use of and access to the land in such a manner as will minimise and mitigate any disturbance caused by human intrusion, and
- (e) to assist in and facilitate the implementation of any provisions restricting the use and management of the land that are set out in a recovery plan or threat abatement plan prepared under the Threatened Species Conservation Act 1995 or the Fisheries Management Act 1994.

s36K of the Local Government Act, 1993 as amended prescribes further core objectives for management of community land categorised as wetland.

The core objectives for management of community land categorised as wetland are:

- (a) to protect the biodiversity and ecological values of wetlands, with particular reference to their hydrological environment (including water quality and water flow), and to the flora, fauna and habitat values of the wetlands, and
- (b) to restore and regenerate degraded wetlands, and
- (c) to facilitate community education in relation to wetlands, and the community use of wetlands, without compromising the ecological values of wetlands.

## **FOR LAND THAT IS CATEGORISED AS: GENERAL COMMUNITY USE - WATER**

s36I of the Local Government Act, 1993 as amended prescribes core objectives for management of community land categorised as general community use.

The core objectives for management of community land categorised as general community use are to promote, encourage and provide for the use of the land, and to provide facilities on the land, to meet the current and future needs of the local community and of the wider public:

- (a) in relation to public recreation and the physical, cultural, social and intellectual welfare or development of individual members of the public, and
- (b) in relation to purposes for which a lease, licence or other estate may be granted in respect of the land (other than the provision of public utilities and works associated with or ancillary to public utilities).

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

## **FOR LAND THAT IS CATEGORISED AS: GENERAL COMMUNITY USE - UNDEVELOPED**

s36l of the Local Government Act, 1993 as amended prescribes core objectives for management of community land categorised as general community use.

The core objectives for management of community land categorised as general community use are to promote, encourage and provide for the use of the land, and to provide facilities on the land, to meet the current and future needs of the local community and of the wider public:

- (a) in relation to public recreation and the physical, cultural, social and intellectual welfare or development of individual members of the public, and
- (b) in relation to purposes for which a lease, licence or other estate may be granted in respect of the land (other than the provision of public utilities and works associated with or ancillary to public utilities).

## **FOR LAND THAT IS CATEGORISED AS: GENERAL COMMUNITY USE - DRAINAGE**

s36l of the Local Government Act, 1993 as amended prescribes core objectives for management of community land categorised as general community use.

The core objectives for management of community land categorised as general community use are to promote, encourage and provide for the use of the land, and to provide facilities on the land, to meet the current and future needs of the local community and of the wider public:

- (a) in relation to public recreation and the physical, cultural, social and intellectual welfare or development of individual members of the public, and
- (b) in relation to purposes for which a lease, licence or other estate may be granted in respect of the land (other than the provision of public utilities and works associated with or ancillary to public utilities).

## **FOR LAND THAT IS CATEGORISED AS: GENERAL COMMUNITY USE - OPEN SLASHED**

s36l of the Local Government Act, 1993 as amended prescribes core objectives for management of community land categorised as general community use.

The core objectives for management of community land categorised as general community use are to promote, encourage and provide for the use of the land, and to provide facilities on the land, to meet the current and future needs of the local community and of the wider public:

- (a) in relation to public recreation and the physical, cultural, social and intellectual welfare or development of individual members of the public, and
- (b) in relation to purposes for which a lease, licence or other estate may be granted in respect of the land (other than the provision of public utilities and works associated with or ancillary to public utilities).

## **OTHER OBJECTIVES:**

To restore, preserve and protect the valuable characteristics of each Natural area of Community Land.

To manage passive recreation opportunities that meet the needs of the community in Natural areas consistent with the conservation of natural values of the land concerned.

To manage a portfolio of smaller undeveloped areas for passive recreation in urban areas.

To promote visitor safety, awareness and appreciation of the natural environment.

## **CLASSIFICATION OF LAND:**

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

---

The land covered by this Plan of Management is classified as Community Land and includes land with the categories of General Community Use (Undeveloped), Natural Bushland, Natural Escarpment, Natural Foreshore or Natural Wetland.

## **OWNER OF LAND:**

Eurobodalla Shire Council is the owner of the land.

## **RESTRICTIONS:**

Restrictions may apply to some of the land covered by this Plan of Management.

Schedule A lists the individual parcels of land covered by this Plan of Management. Schedule B lists all those parcels of land which fall under the provisions of State Environmental Planning Policy (SEPP 14) for wetlands and (SEPP 26) littoral rainforests as well as the Local Environment Plans for coastal protection and wetland areas.

Land clearing restrictions may apply under 1) IDO 3 2) Rural LEP or 3) SEPP 46. Other restrictions apply in regard to local planning instruments and specific zoning provisions, in particular for identified flood zones. These have not been identified in the attached Schedules but are available on request.

## **OWNERS APPROVAL:**

Council approval must be sought for any proposed changes to use or facilities on the Community Land covered by this Plan of Management.

## **LEASEHOLD DETAILS**

### **EXISTING LEASES & LICENCES**

There are no leases and licences issued to any parties over land included in this Plan of Management. Table D would summarise any future leases or licences. Additions to this table of leases may occur without readvertising this Plan Of Management only where the Lease or licence is for a period of less than 5 years and the proposed use is consistent with current approved use for the Reserve.

### **NEW LEASES & LICENCES AND RENEWAL OF EXISTING LEASES & LICENCES**

From time to time Leases will expire, require renewal and/or renegotiation, and new Leasing proposals considered. A Lease or Licence enables Council to formalise agreements with organisations and individuals who occupy or manage community land. These agreements allow clear legal definition of the rights and obligations that organisation or individual has in regard to the land whilst ensuring public access.

The establishment of new agreements or changes to existing agreements will not require the readvertisement of this plan where there is no change to the proposed use or activity on that particular parcel of Community Land. Where the Lease or Licence is for a period of greater than 5 years Council is however required by the Local Government Act, 1993 to seek public input.

As with any proposed change of use of a Reserve, where a new lease or licence is proposed that constitutes a change in use, a new Plan of Management must be advertised for public comment

## **MANAGEMENT COMMITTEE AGREEMENTS**

There are a number of Management Agreements in accordance with Sections 355 and 377 of the Local Government Act, 1993 with Committees authorised to control and manage the particular parcels of land covered by this Plan of Management. These Committees are listed in Schedule A against the properties to which an agreement relates. Management Agreements may be established or lapse without readvertising this

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

---

Plan of Management.

**CONDITION OF COMMUNITY LAND**

**USE OF COMMUNITY LAND**

**PERMITTED PURPOSE**

**PERMITTED DEVELOPMENT**

**SCALE AND INTENSITY OF USE AND DEVELOPMENT**

**CONSIDERATION OF THE GUIDING PRINCIPLES OF ECOLOGICALLY SUSTAINABLE DEVELOPMENT**

Eurobodalla Shire Council has adopted a Sustainable Living Policy which addresses the seven principles of ecologically sustainable development. As part of its code of practice these guiding principles are considered in preparing all plans and strategies, and assessing the merit of public and private investment in built and social infrastructure. The seven principles and the extent to which they have been considered, have been met and applied in preparing this plan are detailed below.

**The precautionary principle**

**The principle of intergenerational equity**

**The principle of conserving biological diversity and ecological integrity**

**The principle of improving the valuation and pricing of social and ecological resources**

**The principle of eliminating or reducing to harmless levels**

**The principle of encouraging a strong, growing and diversified economy**

**The principle of providing credible information in open and accountable processes**

**WHAT ELSE IS IN THIS PLAN?**

In addition to the general objectives outlined above, a number of Tables are attached which provide more specific details.

TABLE A: Lists a general summary of the extent of the land covered by this Plan of Management. This Table gives statistics on number of property's, by location and by category of use.

TABLE B: This table contains a management outline. This addresses a range of management issues, looking at desired objectives and how to achieve these, as well as a plan for assessing the success in meeting these objectives.

TABLE C: Outlines the proposed facilities on the Reserve. Additions to this Table may require Council to seek public input according to the guidelines outlined in this Plan of Management. This will not require readvertisement of the plan unless there is a change that will affect the intent of this Plan of Management.

TABLE D: Not printed as no leases or licence current. The table would List any Leases and Licences held on land covered by this Plan of Management.

SCHEDULE A: Lists the individual parcels of Community Land covered by this Plan of Management. They are set out in order of locality then sorted by street and then by property number. Additions to this schedule will occur in the normal processes of land dedicated to Council through Subdivisions. Land may also be removed from this Schedule following reclassification of the land or preparation of a new Plan of Management.

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

---

SCHEDULE B: Lists those properties subject to restrictions under State Environmental Planning Policy for wetland (SEPP 14) and littoral rainforests (SEPP 26) as well as restrictions under Local Environment Plans for Wetlands and Coastal Protection.

SCHEDULE C: Lists those properties which are potentially environmentally sensitive or culturally significant. This Schedule will be expanded as more information becomes available.

SCHEDULE D: Lists the inventory of assets and equipment on each of the parcels of land.

## AMENDMENTS TO THIS PLAN

Amendments to the adopted plan will require readvertisement of a new amended plan. Amendments to the Schedule of properties and summary statistics will occur as needed.

## NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

TABLE A: Statistical Summary of Community Land Included in the Plan of Management \*\*\*

CATEGORY *	Total Number of Parcels of Community Land in this category	Total Hectares in this category	NORTH**		CENTRAL**		SOUTH**	
			No. of parcels of Community Land	Total Area (Ha)	No. of parcels of Community Land	Total Area (Ha)	No. of parcels of Community Land	Total Area (Ha)

\* The Category represents the "major" component of the Community Land. Each parcel of Community Land may however, contain more than one category type. For instance many Sporting Use reserves also contain a playground and an area of parkland, or Natural Bushland may also contain a wetland area.

\*\* North, Central and South classification is based upon existing Council operational districts as varied from time to time.

\*\*\* These statistics are not representational of the entire Eurobodalla Shire as separate Plans of Management exist for Community Land within these categories.

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

**TABLE B: OPERATING PLAN**

<u>MGT ISSUES</u>	<u>OBJECTIVE AND PERFORMANCE TARGETS</u>	<u>MEANS OF ACHIEVEMENT</u>	<u>MANNER of ASSESSMENT</u>
Landscape character	<p>Preserve and restore the natural and cultural values of the land.</p> <p>Allow activities and structures which aid the preservation and enjoyment of the natural landscape and are in keeping with natural landforms and vegetation.</p> <p>Encourage community involvement in monitoring and restoration of the natural values of the land.</p>	<p>Comply with relevant Federal, State and Local planning instruments and guidelines in regard to the landscape character.</p> <p>Minimise the impact of necessary clearing and slashing for fire hazard reduction, maintenance of existing access roads and service corridors.</p> <p>Publicise the various avenues available for the community to participate in managing community land.</p>	<p>Regular inspections.</p> <p>Keeping records of public comment.</p> <p>Management committee(s) and user group involvement in landcare initiatives.</p> <p>Only appropriate structures on Natural areas of Community Land.</p> <p>Compliance with all relevant statutory and regulatory obligations.</p>
Management and Administration	<p>Manage the Community Land effectively and efficiently in line with Council adopted plans for use and development within budgetary constraints.</p> <p>Meet relevant statutory and regulatory obligations.</p> <p>Maintain Community Land and facilities in a safe condition.</p> <p>Ensure fair and equitable access for all appropriate activities subject to environmental considerations.</p> <p>Consult with the community in managing the land.</p>	<p>Manage the Community Land in alignment with the adopted Plan of Management.</p> <p>Develop and maintain an Asset Register and a Maintenance Plan for the Community Land.</p> <p>Maintain the Community Land in accordance with the Maintenance Plan.</p> <p>Maintain condition of environment and facilities so as to maximise public safety.</p> <p>Establish and/or maintain, where beneficial, active Management Committee(s) consisting of representatives from user groups.</p> <p>Maintain a clear Management Agreement between the Management Committee(s) and ESC which delegates the day to day management of any facilities on the Community Land, where appropriate.</p> <p>Promote use of the facilities.</p> <p>Where appropriate an attempt should be made to contact any group listed in Schedule A prior to commencement of any substantial works outside normal scheduled maintenance.</p>	<p>Facilities comply with appropriate guidelines &amp; regulations.</p> <p>Community Land and facilities maintained in a good condition.</p> <p>High level of use of facilities.</p> <p>Good safety record.</p> <p>Lessees comply with Lease and Licence conditions.</p> <p>Reserves maintained within budgetary constraints.</p> <p>Active Management Committee(s) which represent users and user groups in a fair and equitable manner and comply with Management Agreement requirements.</p> <p>Cooperation between Council and the community in Managing the land.</p>
Development & Improvements	<p>Developments and improvements limited to those that ensure the preservation and enhancement of the natural area.</p> <p>Compliance with appropriate zoning, development and building regulations.</p> <p>In harmony with natural landscape character.</p> <p>Align with any Council adopted plans for local and regional recreational uses.</p>	<p>Appropriate approvals obtained for development.</p> <p>Developments to align with long term concept plans for development.</p>	<p>Development and improvements are in harmony with existing uses.</p>

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

**TABLE B: OPERATING PLAN**

<u>MGT ISSUES</u>	<u>OBJECTIVE AND PERFORMANCE TARGETS</u>	<u>MEANS OF ACHIEVEMENT</u>	<u>MANNER of ASSESSMENT</u>
Funding	Sufficient funds for the maintenance of facilities to standards required. Sufficient funds for the capital improvements needed to meet community needs and expectations within budget constraints. Facilities and new developments are generally self funded with funds sought from the following sources where appropriate: fundraising initiatives, fees and charges collected from users, State and Federal Government Grants, Section 94 Funds in accordance with Section 94 Plan, Council funds within current guidelines.	Maintenance costs to be funded by Council or where its exists as per the Management Agreement with Management Committee(s). Council and/or Management Committee(s) to recommend implementation of fees and charges, where considered appropriate, for use of facilities at a level to cover maintenance costs, loan repayments, or provision for future development. Council will provide loan funds to Management Committees for approved projects on a prioritised basis when funds are available for such purpose. Council to provide assistance in the preparation of applications for State and Federal Government Grants.	Costs are met as per Management Agreements. Loan repayments paid on schedule. Successful applications for State and Federal Government Grants. Sufficient funds to maintain facilities to desired standards. Sufficient funds for capital improvements.
Soils, drainage and waterways	Minimise soil erosion on Community Land. Waterways and wetlands healthy and clean of pollutants.	Soil and drainage issues considered in all planning & development for the Community Land. Monitor water quality in identified sensitive areas.	Waterways and wetlands healthy and clean of pollutants. Minimal damage to Community Land and adjacent lands from soil erosion.
Public access and passive recreation	Maintain safe public accessibility to Community Land where appropriate. Promote awareness and appreciation of the natural values of the land. Minimise impact of passive recreation on the quality of the land.	Active definition of access roads and pathways may be required to ensure safe access and to minimise damage to the natural environment. Promote awareness and appreciation of the natural values of the land.	Safe public access through the Community Land is maintained where appropriate. Erosion and damage to land surfaces minimised.
Pesticides, Herbicides and Fertilizers	Storage, handling, use and disposal of pesticides, herbicides and fertilizers to be carried out in accordance with the requirements of regulatory bodies including the EPA, Dept of Primary Industries and/or Council requirements. Minimal impact on environment.	Develop and maintain an operating plan for the storage, use and disposal of pesticides, herbicides and fertilizers that meets the guidelines. Encourage minimal chemical & fertilizer usage to limit impact on environment. Choose the safest product with regard to health and the environment.	Safe and responsible chemical and fertilizer usage. Minimal impact on the environment.
Noxious Weeds and Feral Animals	Maintain the Community Land free of noxious weeds and feral animals in accordance with Council guidelines.	Manage the eradication of any declared noxious weeds. Take effective steps to keep the Community Land free of foxes, rabbits and other feral animals. Encourage community involvement in land care initiatives.	No evidence of noxious weeds on the Community Land. Minimal evidence of feral animals on the Community Land. Compliance with EPA, Department of Primary Industries and ESC guidelines.

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

**TABLE B: OPERATING PLAN**

<u>MGT ISSUES</u>	<u>OBJECTIVE AND PERFORMANCE TARGETS</u>	<u>MEANS OF ACHIEVEMENT</u>	<u>MANNER of ASSESSMENT</u>
Fuel, Oil & Other Hazardous materials	Storage, handling, use and disposal of these materials to be carried out in accordance with the requirements of the regulatory bodies including the EPA, Dept of Agriculture and/or Council requirements. Minimal impact on environment.	Develop and maintain an operating plan for the storage, use and disposal of fuel, oil and other hazardous materials that meets the guidelines.	Safe and responsible usage of hazardous materials.
Signs	Only approved signs be erected on public reserves.	Council is consulted for all proposed signs and where appropriate DA approvals be gained prior to the erection of any signs.	Only approved signs exist on public reserves.
Prohibited activities	Prohibit activities where appropriate to ensure public safety and protect the natural environment of the Community Land. The community is aware of prohibited activities on Community Land.	Notices erected and maintained listing prohibited activities where appropriate. Where necessary promote public awareness of prohibited activities. Regulation and action taken in accordance with Council Policy for breaches of designated prohibited activities.	No prohibited activities observed or reported. Any breaches of prohibited activities dealt with swiftly in accordance with Council Policy.
Occupation of part of Community Land by Lease or Licence	The requirements of the Local Government Act, 1993 are met. That occupation be formalised where possible through the establishment of a lease or licence at market rates. That the conditions of the Lease or Licence agreement incorporate the intent of this Plan of Management in caring for the Community Land. Land to be occupied by lease, licence or other means to be clearly defined. Public access to the Reserve not be impeded by any lease or licence.	The lease area shall be defined by survey where the lease is for a period exceeding 3 years. A condition of lease or licence be that the public not be denied access to the area defined by the lease or licence.	Lease conditions are met. Land occupied for any period of time is occupied under a formal lease or licence agreement. Lease area clearly defined.
Temporary - One Off Occupation of part of Community Land.	That temporary one-off occupation of a Reserve or part of a Reserve be allowed where that occupation is not inconsistent with uses for that Community Land provided that prior consent is gained from Council and Council regulations are met.	Council grant temporary one-off occupation in keeping with existing uses of the land concerned.	Only duly authorised occupation of Reserves occurs. Any one-off occupation of part of a parcel of Community Land is carried out in compliance with Council Regulations.

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

**TABLE B: OPERATING PLAN**

<u>MGT ISSUES</u>	<u>OBJECTIVE AND PERFORMANCE TARGETS</u>	<u>MEANS OF ACHIEVEMENT</u>	<u>MANNER of ASSESSMENT</u>
Clearing of vegetation and land forms including Fire Hazard reduction measures.	No clearing of vegetation or land forms on Community Land covered by this Plan of Management without prior consultation with Council, except for reclearing of existing utilities service corridors (power lines etc). That clearing of vegetation or land forms is a conscious choice after due consideration by Council and/or the Community of the impact of such clearing. That all relevant statutory and regulatory obligations are met.	Refer to Council for approval for any proposed clearing of vegetation or changes to land forms. That public consultation be sought where such changes would constitute a change in the nature of use of the Reserve, or part of that Reserve. That where appropriate the community be consulted.	No unauthorised clearing of vegetation or changes to land forms. Appropriate forms of hazard reduction are undertaken for the land concerned.
Encroachment on Community Land	Encroachments be identified and dealt with promptly according to Council Policy and within budgetary constraints. Develop a uniform Council Policy statement for neighbours to Community Land. Neighbours to Community Land be aware of their responsibility regarding encroachment on reserves that adjoin their properties.	Regular inspection of Community Land for encroachments and in response to complaints. Issue infringement notices where appropriate and request prompt action for removal of encroaching structure or activity. Advise neighbours to Community Land of Council Policy. Implement Council Policy consistently throughout the Shire.	Public Comment. Enroachment matters resolved promptly. Consistent application of Council Policy. Reduction in complaints from encroachment.
Power Lines and Utility Corridors	That existing power lines and utility corridors be maintained by the Electricity Supplier and/or the relevant utility provider in accordance with this Plan of Management. That new requests for placement of power lines and utility corridors on a parcel of Community Land covered by this Plan of Management be duly approved by Council under its Operating and Policy Guidelines and in accordance with the intent of this Plan of Management.	ESC to develop Operating Policy and Guidelines in order to process applications for the establishment of new power lines and utility corridors on community land.	Existing power lines and corridors are maintained in accordance with the intent of this Plan of Management. Establishment of new power lines and utility corridors on Community Land covered by this Plan of Management is approved by Council.
Facilities: Vehicle and foot access and parking.	Access to or through natural areas is appropriate for the land concerned. Limit erosion damage and preserve natural areas. Access areas are in safe condition.	Access roads and pathways are maintained in appropriate condition in accordance with budget allocation. Defined access, pathways and parking where necessary to ensure public safety and protect sensitive areas subject to available funding. Close excess access routes according to Council policy.	Adequate parking for users. Low impact on Community Land surfaces.
Facilities: Log barriers, boardwalks, fencing, rubbish bins and other minor items.	Provide facilities as required in Natural areas in order to maintain or preserve the natural area within Council resources.	Construction of new facilities according to Council Business Plans and subject to Development Application where appropriate. Maintenance as required.	Safe facilities in a good condition. Impact of public access to the natural area is minimised.

# NATURAL AREAS & UNDEVELOPED RESERVES PLAN OF MANAGEMENT

TABLE C: PLANS FOR PROPOSED EMBELLISHMENTS, DEVELOPMENTS OR CHANGES TO COMMUNITY LAND

<u>PROPERTY NUMBER</u>	<u>DESCRIPTION OF ITEM</u>	<u>COMMENT</u>	
NELLIGEN	: CLYDE BLDE Carparking, access & general playing field	The Open Space plan has identified a need for the development of these facilities. This development would necessitate removing this land from this Plan Of Management and moving it to the Developed Reserves & Facilities Plan of Management or another more specific Plan of Management.	Actual timing will depend upon budgetary constraints. Section 94 funds may be
